**Website [www.richeyequipment.com](http://www.richeyequipment.com)**

Dear Customer:

**UPDATE AUGUST 2021:** Due to increasing costs we have temporarily removed all pricing from the catalog. Please call or email us for current prices on our items.

We hope you find this catalog a helpful tool.

In it you will find quality lines of farm and industrial equipment that are especially adapted for your area. All of the equipment is built by independent manufacturers, specialist in there field.

This catalog is a publication designed to provide dealers with a well indexed working tool, to help in the profitable handling of short line farm and industrial equipment.

We will be pleased to send you complete literature, advertising material and dealer aids on any of the items in this catalog.

Our Catalogs can be provided for you with your name on it. We encourage you to use it as a selling tool and hope it aids in promoting our products.

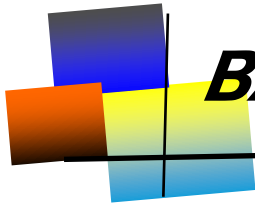

We are now available on line 24 hours a day seven days a week. Check out our new website [www.richeyequipment.com](http://www.richeyequipment.com), on this site you will find forms, contact information, parts and owners manuals, and a updated catalog that you can print or download to your computer for easier access.

We reserve the right to change pricing, products, weights, and any other information in this catalog and on the website without notice.

**Please call us any time. We want to be your supplier**  
**Phone# 1-800-207-2086 or 865-674-6042**  
**Fax # 865-674-7510**

Sincerely Yours,

David Richey  
President

# HARROWS

## HACKETT harrows

Established 1892

**Established for over a century in the manufacture of quality Harrows**

### Concord Harrows

can be customised to match your needs.

Harrows sections are available in 4 section widths, 4ft, 6ft, and 10ft plus our unique 8ft. All are manufactured from 1/2 inch diameter high quality steel.

### Individual Harrow Sections

can be coupled up to 24ft wide.

Drawbars available in widths from 4ft to 16ft and Connectors can couple two sets together to increase the working width up to 24ft.

### Harrows Sections

have standard hitch points.

Permits the Harrows to be incorporated into Harrow Carts and used on 3-point lifts.(for combinations see over)

### Tines Operate

In optional passive or aggressive modes.

The front and rear sections of our Harrows can be independently orientated for optional tine angles. Tines set vertical give maximum penetration and tines angled to the rear give light penetration. For smoothing the Harrows are used with the tines up. (see over)

### Drawbars

The draft linkage arrangement for trailed Harrows has been designed with an offset to prevent tracking of the tines when operating.

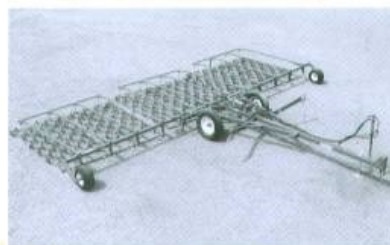

### Can be used alone or

In combination with other tools to save time and fuel.

Our Harrows can be pulled behind tractors, pickups, ATV's, garden tractors and all types of rough terrain vehicles. They are also used in combination with other field equipment such as Drills, Field Cultivators, etc...

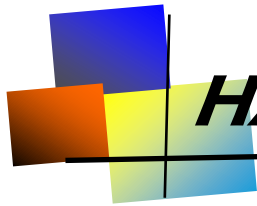

## Concord Flexible Harrows

### Concord affordable flexible Harrows to match your specific needs.

- Self cleaning flexible action spreads cornstalks, straw and in-field residues
- Can be used alone or in combination with other field equipment
- Effectively incorporates Herbicides for maximum effect
- Breaks up clods and crusting in cultivated ground
- Renovates Hay and pasture lands by scarifying and aeration
- Improves moisture penetration and stimulates new growth
- Ideal for spreading manure in Pastures to eliminate burn
- Widely used on grass, cinder or sand Race tracks; Baseball and Sports fields, Levelling and raking beaches; etc., etc.

# **HARROWS**

## **Hackett Harrows**

Established for Over a Century in the Manufacture of Quality Harrows

**Herd's model 750-3PT Broadcaster is ideal for category 1 tractors. With Its convenient 750 Lbs. capacity. The spreader works well for smaller acreage jobs in farm, orchards or groves, schools or parks. The rugged fan assembly provides consistent seeding for most any material.**

- \*3-Point mounted with shielded telescoping PTO**
- \*Round Hopper Base prevents lodging of material**
- \* 14-Gauge Steel Hopper with powder coat and welded seams**
- \*Easy-Adjust pattern control for even spreading up to 40 ft. wide**
- \*Options include lime agitator, hydraulic or electric open/close system, hydraulic drive system, skid steer mounting plates, or banding kits for vineyard or nursery spreading.**

## Herd M-12 Broadcast Seeder

The Herd M-12 PTO-Powered broadcast seeder/spreader makes quick work of big jobs. Our rugged mounting and galvanized hopper gives years of quality performance. The spinning agitator spreads both seed or fertilizer consistently. Seed rates can be adjusted down to approximately 2 pounds per acre.

- \*3-Point mounted with shielded telescoping PTO
- \*Oil-bath gearbox
- \*Galvanized Hopper with 2.8 Bushel capacity 192 Lbs.

## Herd GT-77-ATV Seeder

Whether you need to seed or fertilize small acreage, food plots or yards the Herd ATV is a perfect fit for most ATVs, UTVs, Side-by-side vehicles or lawn mowers. This broadcaster will eliminate hours of time spent hand-seeding. It's precision metering system will calibrate to the smallest seeds. The vibrating agitator system ensures a constant feed of the material being spread. The heavy duty plastic fan will evenly spread material up to 28' wide, the cast iron baseplate will center the spread pattern for all types of material. Optional restrictor plates are available to calibrate fire ant bait or specialty materials.

- \*12 Volt motor (low amp draw)
- \*Four bladed "lap-over" plastic fan for even pattern spread
- \*Galvanized hopper with 1.2 bushel capacity 77 lbs.
- \*Optional equipment includes variable speed rheostat and electric actuator to open/close the seed gate

## Standard equipment:

Cable drum locking latch  
Protective screen  
Cable drum tension bracket  
Holder for chains and accessories  
Lower pulley (v-4000 + v-6500)  
Dozerblade with wide towing bar

## Optional equipment:

Lower pulley for V-3004 + V-3507

## Accessories:

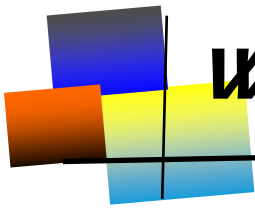

Wire including hook  
Choker (slider)  
Forestry chains  
PTO shaft  
Distance pulley

*Since we are constantly innovating our designs, we reserve the right to making any technical changes !*

MANUFACTURER:

# Fransgård

# WINCHES

## FRANS GARD WINCHES

Available In the Following Sizes      Retail Price  
V-4000 Pulling Capacity 8800 Lbs.  
V-5000 Pulling Capacity 11000 Lbs.  
V-6500 Pulling Capacity 14300 Lbs.

The upper pulley - very strong, load-shock proof.

The upper pulley is located to provide a maximum working radius.

The lower pulley is well situated for stability and sidepulling.

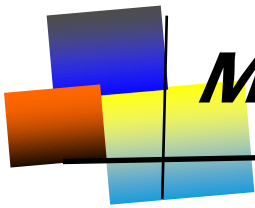

Simple 3 point linkage mounting.

Robust hill support plate with a wide log-towing bar.

Sufficient height of the winch allows a lot of ground clearance for the timber.

## **Credit Policy**

We are glad to have you as one of our customers. In order to meet your needs it is our policy to extend to our customers 10th Prox terms. Our invoice will clearly state due dates. If an account goes past due, 1-1/2 % per month service charge will be applied. An account that goes past due is automatically put on C.O.D. All equipment is due when sold or removed from the customer's premises.

## **Warranty Policy**

All items offered for sale in this catalog are produced by quality manufacturing companies. Each machine is backed by the original manufacturer's warranty and each request for a warranty credit should be filed through our office. Claim forms may be obtained from our office. All defective parts should be retained by you until we advise you as to disposition of them.

Warranty terms for each individual machine is contained in the operators manual that comes with the machine. Once a warranty claim has been filed by us for you and warranty credit received from the manufacturer, your account will be credited for the amount allowed. Under no circumstances does Richey Equipment Inc. assume any responsibility for warranties other than that as specified and allowed by the manufacturer. If you have any questions concerning warranties, please call us 1-800-207-2086.

## **Freight Policy**

\* A 3% delivery charge will be applied each time a delivery is made on a Richey Equipment Inc. truck a minimum of \$ 100 will be added per delivery. Your territory manager will make you aware of cost at time of order.

\* A handling fee will be added to all UPS and Freight Deliveries.
