

LISTEN LOVE PRAY FOUNDATION

In any location, at any given moment, we can pray for healing in Jesus' name.

LLP continually sees the **goodness of God** move in someone's life to display the healing love of Jesus and the power of Holy Spirit. Whether praying with someone over the phone, on a zoom call, in a recovery center, in a hospital, or during a private LLP healing prayer session, God is at work to bring His light, His hope, His peace. As Jesus told the Jewish leaders after he healed a man on the Sabbath, *My Father is always at his work to this very day, and I too am working.* John 5:17

LLP offers many scheduled healing opportunities throughout the month, yet each of us has plenty of other chances to **Listen - Love - and - Pray** for others; to allow God to do His work through our willing hands, hearts, brains, feet.

The word impromptu means done without being planned, organized, or rehearsed. Some of us are naturally spontaneous while others are uncomfortable operating without a plan. But the truth is that God works in amazing ways as we admit our limited understanding (2 Corinthians 12: 9-10) and allow Him to direct every movement we make (Psalm 119:133), and every word we say (Hebrews 4:12).

Look for ways to **pray for healing!** Remember to **Listen** with your two ears; one ear to the person's story and one ear to Holy Spirit. Then, allow the **Love** of Jesus to pervade every word and each non-verbal message. And **Pray** as Holy Spirit gives you the words, whether silent or out loud. Our world needs more kindness, compassion, and healing prayer - as Brad Meltzer has said, everyone you meet is fighting a battle you know nothing about.
