

Listen Love Pray Foundation

March 2018 Newsletter

Listenlovepray.org

Thank You God for hearing our prayers

People are traveling from as far away as Annapolis and Arlington, VA to seek the Lord with trained LLP healing prayer ministers. We could not keep up without board member Carol Pennington who spends many hours coordinating prayer teams, locations, and recipients. Jesus still heals people today!

HELPING FAMILIES HEAL

There is HOPE

If you have watched someone you love battle an addiction, you may feel like the whole world is turned upside down. As life becomes a roller coaster, feelings of fear, worry, anger and despair can invade every day.

Helping Families Heal is a 12-week program of hope and healing; a place to discover how to apply the 12 steps for our own lives, as well as, to learn about the power of healing prayer.

**Family and Friends
with loved ones in addiction,**

**You are important and
your needs matter too!**

**“Wounds that are not healed are transmitted.
Without healing we are the walking wounded.
It is important that we get our own healing.”**

**Ken Nelson, President of Listen Love Pray Foundation
Helping Families Heal, Week 2**

Testimony - during one of the weekly healing prayer services

“Tandi asked me if I could picture Jesus. I said yes. She said to look Him in the eyes. I could see His eyes of love, and at that moment I ran to Him, into His loving arms”

- ▶ The prayer ministers came over to pray for me, and I told them, that I was in great pain, and I was struggling with anxiety and depression. What I didn't say is that I was having chest pain due to my anxiety. I was suffering with a migraine, my neck and shoulders hurt, my joints were hurting and my left knee was hurting. Both of my arms were numb and tingling. I said, I just want to feel better. I'm tired of being in constant pain.
- ▶ Tandi started praying over me for peace, Edi was praying for joy in place of pain and to unbind my spirit. When Ken asked me how I was feeling, I said relaxed, and feeling better, but there were still areas of pain. I felt tension in the middle of my forehead. Someone touched my forehead and Ken prayed to loosen all things that needed to be loosened. At that moment, it felt like someone took their hands and wiped my face and made all the muscles relax. Tandi asked if I could picture Jesus. Yes! I ran to Him, into His loving arms. He told me how much He loved me and I told Him, how much I loved Him.
- ▶ When they were finished praying, I had no pain! I felt so free and light and at peace. I praise God for His healing power! God is good all the time. He is faithful and He loves His children! I am so thankful for the faithful, healing ministers of Listen, Love, Pray Foundation for their willingness to sacrifice their time for the healing of God's children.
