## LLP's Intensive Prayer Ministry Brings Healing

In January, LLP provided an opportunity for personal intensive prayer. Participants had time for worship, lessons, prayer stations, soaking prayer and two sessions of individual prayer ministry.

The Holy Spirit was ever present, even during the lunch fellowship! At the end, through so many amazing testimonies, everyone saw

## IPM Testimony

**Prayer recipient perspective:** In the days leading up to Intensive Prayer Ministry (IPM), I had dueling voices in my head. One said, I don't think I have anything that I need prayer for and the other one said, I'm afraid of what's going to come up. I went to the Mother-Father blessing station, and was immediately crying buckets of tears. I was amazed at how all the prayer ministers at IPM received visions and words and ideas that immediately struck a chord, and I said, yes that's exactly what's going on in my head and heart right now. Clearly the Holy Spirit was here, and I felt very real healing from relationships and some trauma. During my second healing prayer session, no words were spoken. We just sat in soaking prayer and visions came to me that were very clearly from God. As they came, I shared them with the team. It was important to me that even though the prayer ministers didn't say words, they were there praying for me and holding a safe space for me. I needed them to help me feel safe. — *Kim*

**Prayer minister perspective:** When on a prayer team, you're "doing the prayer." You're listening to Holy Spirit and the recipient, waiting and looking through scripture. Then you get your reference books out and look for the right words. What I learned at the recipient's second prayer time is to wait on the Lord. When we did that, suddenly, she had the most amazing vision. I was reminded that it's not so much about saying the right prayers, it's about Jesus, who comes and provides exactly what is needed. Thank you, Jesus! — *Kelley*

how God worked amazing healing for all that day. Even prayer ministers, who gathered to pray for others, found God lifting them up and

encouraging their faith. It was a day filled with the wisdom and presence of Jesus, a testimony to all that God does for everyone!

## LLP Teaches at DRCC

On Jan 13<sup>th</sup> and 27<sup>th</sup>, LLP responded to a request from **Damascus Road Community Church (DRCC)** in Mt Airy to teach their elders and ministry leaders about healing prayer. Using a power point presentation, handouts, and numerous real-life experiences, they testified and taught about how Jesus still heals and delivers people today. After the 1<sup>st</sup> teaching, participants split into smaller groups. Ken and

Lucinda Nelson, Judy and Ted Winfield and Roxie Watson led each group as they "practiced" a healing prayer session. Once again, our team witnessed the glory of God; always working in amazing ways for our good (even when we think we are only "practicing"). If you (or your church) are interested in learning how to pray for healing, contact [lucinda@listenlovepray.org](mailto:lucinda@listenlovepray.org) for more information.

## Time with Jesus

Every 1<sup>st</sup> Wednesday from 10:45 to 11:30 am at NBNC, LLP will offer a **quiet oasis** in the sanctuary. Settle your body and soul with peaceful soaking music. Bring a bible or journal in this dedicated time of intimacy between you and Jesus. Come assured that this is a space free from talking or cell phone distraction, yet alive in the Spirit as a community of believers gather in the healing love of our Lord.

# Find Generational Healing on February 4<sup>th</sup>

## End Hurtful Patterns

**When:** Tomorrow, Tuesday, February 4, 6:15 pm – 8:00 pm

**Where:** New Beginning Nazarene Church, Mt. Airy, MD

You are invited to learn about and create a genogram for use at the 7:00 pm Healing Service. This service will focus on healing from generational and family wounding.

Generational healing is about identifying those things that pass down through the family lines, those things which are negatively affecting you - and asking Jesus to place His cross between those things and to cut us free.

About 80% of our values and beliefs come from our family of origin. Our behaviors follow those values and beliefs. People do what

people see. Those sins *continue from generation to generation to generation*. How do you know if something you're struggling with is generational or a result of trauma? You look for patterns in the family tree. A simple family tree or genogram can teach you so much about the origins of some of things that you deal with.

The family tree is not an instrument of blame, it is an instrument to help you discover the problem roots, so Jesus can help you.

- Step 1 is the *identification of those negative patterns*
- Step 2 is *asking Jesus for healing by cutting us free*

The good news is that Jesus can break that inherited pattern or disposition as it affects us and our children. Jesus came to set the captive free (Luke 4:16–22) and that captive may lie within us, a prisoner of the past. Negative patterns can end!

## Bringing the Healing Light of Jesus to Men in the CLRP

Dennis' message on Hope inspired everyone last Sunday night at The Frederick Rescue Mission. LLP is grateful to the volunteers who brought the Light and Love of Jesus to the men

in the changed life recovery program (CLRP). Please contact [tedlistenlovepray@gmail.com](mailto:tedlistenlovepray@gmail.com) for volunteering opportunities!

## LLP's Recovery in Christ's Healing (RICH) Program Helps Men in Their Life-lasting Recovery

Last week I was sitting at a table talking with three men whom LLP had worked with as they came through the Frederick Rescue Mission's Changed Life Recovery Program. Now they were part of the LLP RICH program, and at this meeting, we talked about integrity. I was struck by how much these men had changed since they stepped into recovery. They are all now living a life outside the protective boundaries of the Rescue Mission where they are navigating through life on the outside, dealing with their emotions, and counting on Jesus to guide them through it all. They each now have a new peace and confidence in their spirits. They have been

transformed by the love of Jesus and are trusting Him to light their path. This is what we hope for as we work with the men in recovery; that they would be able to receive the love of Jesus and allow Him to change their life.

As a part time associate/volunteer at LLP for some years now, I can assure anyone reading this that you will find here a powerful and spiritually meaningful place to come for healing prayer, or for that matter, any prayer need at all. *The heart of LLP is none other than the heart of Jesus Himself*, a fountain of mercy, and an abiding, caring love that listens deeply, while it intercedes for anyone in need.
