Seeing Jesus Everywhere

"I see Jesus in nature

as the beautiful, purposeful, restoring, goodness of God's plan for providing through every aspect of his creation a plan for all things to contribute to this world in a specific manner. Nothing is without purpose and all things were created for a purpose." —Karmin J

"I see Jesus when we help each other."

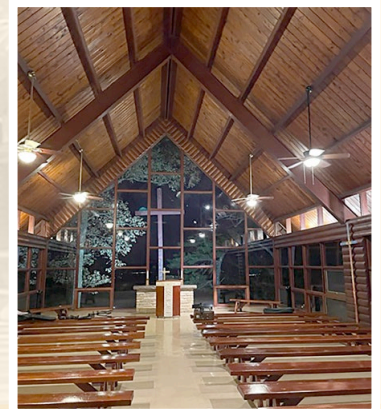

In our life journey, we need directions. A soul-filling moment might be on the left, but we turn right instead. So often we take the role of the main driver with Jesus in the passenger seat. Thankfully, Holy Spirit is always ready to guide us, and if we have 'eyes to see,' Jesus is present in every part of our everyday. He is the way, the truth, and the life.

Join LLP as we journey with Jesus this November in the **LLP Road Rally**. Take a picture of your outing and share with us how you glimpsed Immanuel, God with us. Maybe you saw Jesus on a nature walk, or at a family visit, church event, or party. Maybe you even saw Him at work, in a store, the hospital, or just in your own backyard.

Email your glimpses to lucinda@listenlovepray.org by the end of the month and receive a free book by Art Thomas for participating in our rally.

"I see Jesus in the chapel that welcomes those who come to worship Him." —Edi

A Message from the Executive Director

Reflections of trees on the surface of a calm lake are beautiful, but they only offer a glimpse of the actual object. A walk through a forest of different varieties—leaning against a solid tree trunk, smelling its fragrance, and hearing leaves rustle in the wind—brings an experience that imprints upon the eyes, ears, fingertips, brain.

Christians are called to reflect the love of God and the compassion of Christ. We hope those 'reflections' offer a glimpse

into the unending beauty of our Lord. Yet, through the abundance of His heart, God gives us more than a glimpse. He has called LLP ministries to create an atmosphere for Holy Spirit to move within hearts; to reveal Jesus, the radiance of God's glory and the exact representation of His being (*Hebrews 1:3*). His Presence changes everything! Knowing His love that surpasses knowledge allows us to be filled to the measure of all the fullness of God (*Ephesians 3:19*).

This edition is full of Jesus in pictures and testimony. He is seen in the majesty of nature, the changing seasons, in new babies, and in the eyes of a child. Read about His healing love, described in human words that testify to the Truth that Jesus still heals and delivers people today. All Glory to God.

Lucinda Nelson, Executive Director, LLP

Testimony

Exactly what my heart needed

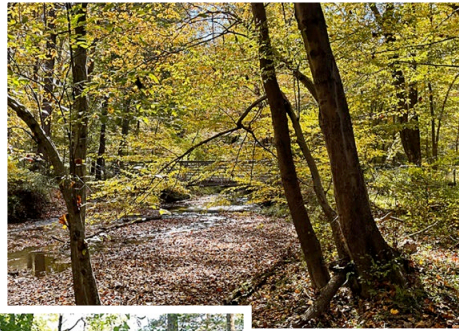

When I was invited to attend a Listen Love Pray zoom healing service I really had no expectations. I have been a Christian for over twenty years but knew that I needed some relational healing, and a close friend had encouraged me to attend. When I logged on, I saw Lucinda and the other 20 or so attendees. After worship, prayer requests, and a fantastic teaching session, we were encouraged to enter into a time of soaking "in the love of Jesus." I closed my eyes, felt the gentleness of the Holy Spirit as He ministered to me, and poured out my heart to Him.

Then in a moment I saw Jesus running through a field of long grass and laughing, almost teasing me. The sun was behind Him, and everything was bathed in soft, golden light. He grabbed my hand and pulled me along, as we laughed and ran like kids through the field. As my overwhelmed heart received the moment, my tears fell, but He didn't let go. He just smiled and let me take in His amazing love for me. The moment was so sweet, so glorious, and exactly what my heart needed.

I am just undone that He revealed Himself to me like this. Before I saw this vision of Jesus, I was praying in my heart asking Him to help me with the places I cannot fix inside. Afterwards, I realized that sometimes the mind makes things so complicated, but a personal relationship with Jesus is so simple. The grace of God has done all the work, we now have an invitation into His heart, which makes all things good. Everything we need is in that fellowship with Jesus. It is like running through a field with Him hand in hand; glorious, beautiful, safe, and whole.

"I see Jesus in the sun rise and the sun set, like His eye watching over us."

"When I walk through nature Jesus speaks my love language. His brush strokes on the colors I see, the breeze I feel, and His peace all around and within me." —Edi

"I see Jesus in the charred tree stump and to me it speaks new beginnings and His cleansing fire." —Edi

"I see Jesus in the broken little vessel that gets filled and poured out like leaky love"

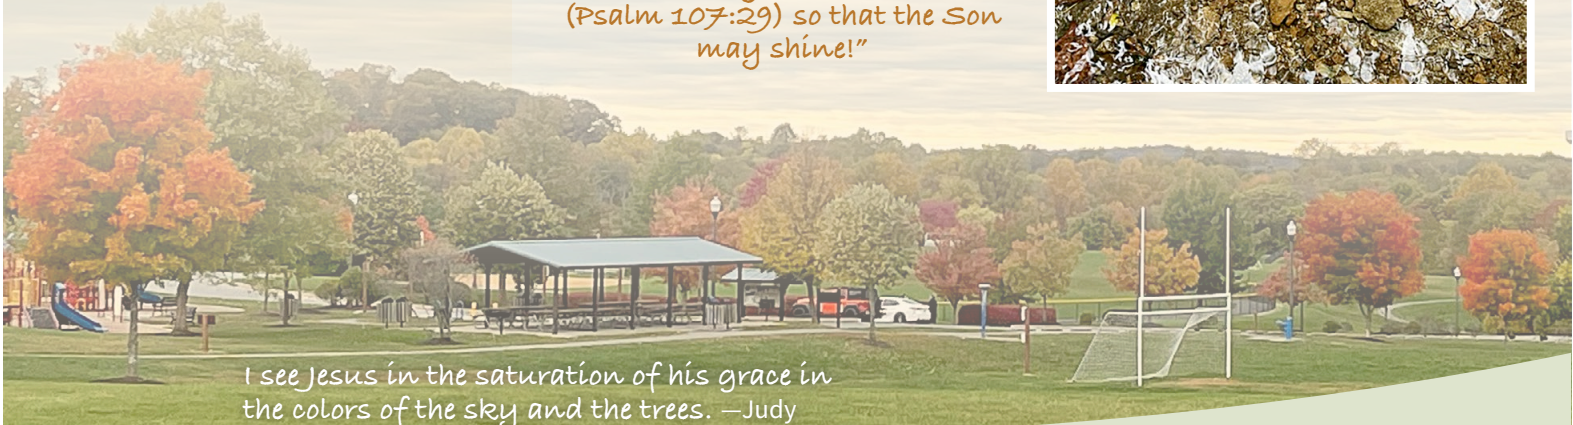

After a chuckle, Nancy E. immediately related it to faith, saying, "On my way to LLP bible study...Praise God that He causes my storms to be still (Psalm 107:29) so that the Son may shine!"

"I see Jesus and His Holy Spirit in the clear water of a stream."

I see Jesus in the saturation of his grace in the colors of the sky and the trees. —Judy

Testimony

I really needed a healing prayer session from stress that resulted in a lack of sleep and edginess. My youngest son was in jail and both my sons had been heavy on my mind for a couple months. Migraines were coming on more often and I really need sleep to function well.

As the LLP team of 2 healing prayer ministers prayed for me, I saw Jesus sitting by a stream. There were soothing water sounds and as I sat at HIS feet, I heard HIS soft voice say "refuge" to me.

During the prayer session, the team read a couple of Psalms, including Psalm 46 which is one of my favorites, and Psalm 136 about being thankful in all circumstances. They also prayed a sleep-related prayer over me from the book "Prayers That Avail Much". I plan to re-read these as a nighttime ritual during my hard times of going to sleep or walking up multiple times a night.

I felt very relaxed as I was preparing for bed that night. I normally read a faith-based book every night before I go to sleep and that night—I fell asleep while reading! I woke up fast when my book dropped and then turned off my light and continued back to sleep for 10 hours!

This was my first real sleep, through the night in months! I woke up shocked that I slept that long and very thankful I did! Praise Jesus for a good night's sleep!

Frederick Rescue Mission

Don K. tells LLP's Ted Winfield (healing prayer minister and recovery team leader) that prayer had never been part of his life before he came to the Changed Life Recovery Program at Frederick Rescue Mission. He didn't understand it and didn't believe it. After 2 months in the program, he allowed one of LLP's healing prayer

ministers to pray for him. "I could feel the Holy Spirit was here—the room was just different". Over the months, he credits LLP with teaching him how to pray, simply by receiving prayer and listening. Don is a Changed Life by the power of God. All glory to God.
