## Trust in God

Our circumstances and prayers change, but God never does. He is the beginning and the end. He is our creator, savior, and sustainer. We can trust God, especially when the water is deep, and our path is everchanging.

*Trust in the Lord with all your heart; don't rely on your own intelligence. Know him in all your paths, and he will keep your ways straight. —Proverbs 3:5-6*

Listen Love Pray has an active intercessory prayer chain. Through prayer, we have seen God lead us and others through difficult, everchanging paths. God consistently brings people peace and understanding in ways greater than anyone had ever imagined.

Recently, Dana shared updates on her family's walk with God, following her father's stroke. She graciously allowed us to share her testimony so that you may be strengthened.

**Thursday, September 2, 2021.** Dana's dad had a stroke today. He hit his head. He is in the ICU for bleeding on the brain. Please Pray.

**Monday, September 6, 2021.** "They stopped my dad's sedation medication this morning... They think it's because of the brain swelling. His breathing is fast and shallow, so they recommended him using a breathing machine... The neurosurgeon called us shortly after to inform us that he can surgically insert a drain now... Please pray for a safe and effective procedure."

"The neurosurgeon said putting in the

tube was no problem. We should see a difference in 4 hours or so. It may relieve the pressure so Dad can wake up a little..."

**Tuesday, September 7, 2021.** "We need a miracle. The neurosurgeon called... there has been no change. The tube is draining cerebral spinal fluid and not the blood from the brain. The blood clot is solid and right now surgery would be too risky. He said there was calcification and no circulation on the brain stem where the stroke occurred. He's breathing a little on his own with the help of a breathing machine... This is not the news we were hoping for. I'm very angry at the devil. Please pray that we would have the strength to fight on behalf of my dad. I'm still believing for his complete healing!

*With God all things are possible. —Matthew 19:26*

**Wednesday, September 8, 2021.** "The neurologist called last night and said my dad has been taken off sedation and isn't responding. The brain bleeding & swelling is worse.

"We just left the hospital. The massive stroke caused damage to his brain stem. I prayed over my dad the entire time and asked him to "wake up." He hasn't responded yet."

**Thursday, September 9, 2021.** "My mom just got a call from the hospital. They asked us to come because they don't think he'll make it through the night.

Please pray that God either restores him completely or He takes him home."

**Friday, September 10, 2021.** "We could never thank you enough for your continued prayers. Last night, we went to be with my dad in the hospital, one last time here on earth. We are certain his spirit was already in Heaven with Jesus before we arrived. Although this was not the original outcome I was hoping for, we have felt God's perfect peace in such a supernatural way. It was the most beautiful send off. My mom and I sang my dad's favorite hymn as he was taking his last breaths. As we were leaving the hospital, we realized just how powerful prayer is. We could tangibly feel the Holy Spirit. God has given us so much grace and joy amidst the trial. And we are confident that my Dad's body is finally restored in paradise with his Savior King.

*We are confident, yes, well pleased rather to be absent from the body and to be present with the Lord. —2 Corinthians 5-8*

*Come out on the 1<sup>st</sup> Tuesday of every month!*

Find below a few highlighted testimonies from LLP's September **in-person** healing prayer service.

- Multiple people felt a peace that was unlike any worldly peace
- Two people received answers to specific questions
- A person saw an angel hovering over a participant
- One person had a vision of his wife in heaven (she passed almost 3 years ago). He had never seen that before, and when describing it, he said the vision was as real as the people standing in front of him at the healing service. He was so glad he had come that night!
