# ListenLovePray

Newsletter vol. 8, issue 8

## LLP Family: Joy in Serving

The annual LLP volunteer-appreciation picnic was held on a warm, breezy day in September at the Nelson farm. Together, we raised a prayer of thanksgiving to God for His creation of our beautiful earth and for His calling us to be part of a Foundation who serves others with the healing love of Christ.

LLP's **72-strong volunteer team** consists of folks between the ages of 25 to 93. This rich diversity of ages brings a unique dimension to our effectiveness when interacting with hurting people in all stages of life. We regularly see and hear about miracles happening and lives changing as people participate in various LLP programs. All glory to God through whom all things are possible.

LLP typically works in five ministry areas to bring hope and healing to hearts filled with despair and discouragement.

- Private Healing Prayer Sessions**
- Weekly Healing Prayer Services**
- Christian Education- Interactive Learning**
- Recovery Ministry**
- Healing Conferences**

We listen-love-pray with people with physical maladies such as cancer, heart disease, arthritis, GI issues, back pain, and many other problems that are rampant in our society. We work with individuals who have mental health issues such as depression and anxiety, as well as men and women who experience divorce, death, or desertion. We are increasing our slate of recovery programs to combat the devastation brought by substance abuse disorder.

Our volunteers served over **1,000 hours** for

the **2024 Something More** healing conference. Their compassionate work, led by the powerful moving of Holy Spirit was evident throughout each day, in the amazing testimonies that bubbled up. Many came to the conference feeling overwhelmed with the stressors in their lives. Several people were caretakers for elderly parents. Some folks felt burdened with work pressures that seemed unresolvable. Quite a few people had adult children who had chosen a destructive path and everyone in the family was suffering. Other people suffered with chronic illness and pain, and an accompanying discouragement. On the last day, almost every participant had a story about healing, peace, hope, and joy that they had experienced through the worship, teachings, small group discussions, healing prayer, and soaking times.

### LLP Volunteer Hours Fun Facts:

- 2022: 4053**
- 2023: 4157**
- 2024 projected: 5157**

# Gathering in gratitude Serving God's Kingdom

## New Volunteer Spotlight

My name is Kim Klemencic. I live in Myersville and am originally from Wisconsin. I have two grown sons that I'm very proud of and one cat.

I decided to volunteer with LLP because it's a faith-based organization that actively interacts with and helps people in the local community in a God-centered way.

# LLP Teaches on Deliverance

On August 24th, LLP was invited to teach a 3-hour class on Deliverance to the leadership at Damascus Road Community Church in Mt Airy, MD. Co-founders, Ken and Lucinda Nelson, started with a scriptural foundation and continued with teachings from many different resources, as well as, personal stories about their years praying for deliverance. A 2-part video can be viewed on the LLP YouTube channel.

The teaching series continued on Sept 28th with another 3-hour session looking deeper at how to pray for deliverance in Jesus' name. LLP volunteers also participated in this important session which included a demonstration of Deep Healing – a combination of healing prayer and deliverance that the Lord prompted LLP to develop in 2022.

If you feel oppressed or unable to get out from under a cloud of negativity, contact [nancylistenlovepray@gmail.com](mailto:nancylistenlovepray@gmail.com) to schedule a healing prayer or deliverance session. All prayer sessions are free and available throughout the week with trained and experienced LLP volunteers.

## Holy Spirit Class 2024

LLP's 4-session class in September on Holy Spirit started with a look at Nathan Williams' new song – Holy Spirit Move. Using a variety of resources, participants enjoyed breakout sessions, soaking time, and sharing their experiences.
