# Listen Love Pray

Our family of volunteers at the annual volunteer picnic

## LLP Fellowship - A Deep Spiritual Union

Listen Love Pray Foundation is a place of Koinonia, where a deep spiritual union draws each participant closer to each other and to God. All of the five ministry areas display this fellowship which nurtures a powerful spiritual unity, mutual support, and joint involvement in God's healing work in our community. With praise and thanksgiving, we see beauty springing from ashes, freedom given to captives, joy replacing mourning, and praise crowding out despair. In a world that tempts us to believe that darkness is winning, the presence of Jesus illuminates human lives with amazing grace and unending love as He heals and delivers people.

Since 2017, our volunteer team has humbly served anyone who reaches out for help. With over 3,500 requests for prayer per year, LLP is blessed by their dedication to this ministry. Thank you to everyone who has supported our mission! From prayer ministers to recovery teams, from AV techs to meal providers, to everyone who has given financial support - you are appreciated!

# Shalom - a weapon of warfare

Barbara Potts invites us to view shalom as a weapon of warfare. In her book, *The Overcomer's Handbook of Kingdom Proclamations*, she teaches, "The Hebrew word shalom is comprised of four Hebrew letters, which, when read in order, declare that **Shalom: destroys the authority that establishes chaos. Chaos exists on many levels: at a cellular level chaos brings disease; in relationships it brings contention and strife; in governments it brings confusion, corruption.**"

Receive this blessing to bring shalom into all areas of your life: In the name of Yeshua, the Prince of shalom, I invoke the shalom of God over you. As His Shalom fills you, all negativity, confusion and distress is dissolved. Receive His Divine order, wholeness, and peace in your mind, soul and spirit. And may the Shalom of God fill every cell of your body, expunging all illness and bringing the fullness of Divine health and healing.

# Re-committing to Jesus

We met Shi in a divine encounter.

He was 5 minutes from finishing his front desk shift when we arrived. This friendly 24-year-old asked about my Listen Love Pray shirt. After a quick overview, I asked why he was on crutches. Shi had a bone deformity caused in utero by his mother's cancer. His lower leg was abnormally bent and required repeated surgeries to straighten it so he could walk. He had undergone a total of 30 surgeries! And at the present, the bone had fractured and was taking a long time to heal.

We offered to pray for him and two days later, we met and heard more of his story. This young man lost his Mom six weeks after he was born, and then his Dad died when he was 15. His Granny who encouraged him to attend church and youth group had died last year. He had felt a call to ministry, but things happened to discourage that pursuit. As we prayed, he said he felt "a stirring inside" and spontaneously said, "I want to re-commit to God. Can you help me do that?"

In a loud hotel lobby, God orchestrated a beautiful spiritual encounter. Holy Spirit breathed new vitality into an open heart. Once again, we felt in awe of the personal touch of the Savior and just how great His love is.

Never doubt God's mighty power to work in you and accomplish all this. He will achieve infinitely more than your greatest request, your most unbelievable dream, and exceed your wildest imagination! He will outdo them all, for his miraculous power constantly energizes you.

**Genuine love and concern**

They do exactly what it says - they listen to you, they love on you and they pray for you. They (LLP) are everywhere, they are growing, and the reason is, they are the hands and feet of Jesus. They come to people with a nonjudgmental love and concern for their well-being. They have been a light for me in my darkest times and I am very happy to be part of this group.

**The hope of Jesus**

Thank you, LLP volunteer team. Because you said yes, people in our local community and far beyond are being touched by kindness, healing, and hope. You are a blessing, especially in this day and age. People really need hope that comes from Jesus. They need to know they are loved by the God who created all of us in His image. *Kristin*

**There's always something new**

When LLP works with the guys at the rescue mission, we see them grow. They come in with doubts, they're lost and then faith starts to grow. You see changes in their lives, in their faces. LLP reaches out to so many people and they are always there to help people. There's always something new happening - God is always leading us somewhere. I am impressed with everybody at LLP and the work they do. *Ed*
