Dear LA,

Thank you so much for the excellent work on the project you managed remodeling our Florida Room into an Art Studio. We are thrilled with the results. We particularly appreciate you working with our schedules and getting it completed so quickly. As you know, I have high expectations about the quality of workmanship. My experience in 'the trades' has given me a more in depth knowledge of how to do a job right than many home owners. My back ground as a pilot has ingrained an 'attention to details'. You ensured the subcontractors met our expectations in all respects. We particularly appreciate your recommendations and the knowledge you shared along the way.

It has been a pleasure working with you on our project.

Sincerely,

Bill *Kate*
