## Pistol Poker Rules

Player will shoot three (3) Hands for a \$5 buy in.

Player will engage the target three times with 5 shots per hand for a total of 15 shots.

Each hand will scored and counted before the next hand is played.

Players will make their best 5 card poker hand from the cards hit.

Target scoring will be used; if the shot hits the edge of the card clearly breaking the line, it will count as a hit on the card.

A card can be counted only once per hand.

For this event, the **Red** and **Black** cards and the Jokers will not count.
