# Jacy's Wagons

*Turning a Test into a Testimony One Wagon at a Time*

## Note from Jacy:

Hi everyone! February was a lot of fun for Jacy's Wagons. We had our first annual Valentine's Dinner and it was a huge success. We raised enough funds to purchase 9 wagons. We have shipped 34 wagons YTD and have 2 currently waiting. These numbers change every day. We are gearing up now for our Food Truck/Bluegrass Festival on April 13th at Michie City park. Come enjoy the day with all of us. Eat some great food and listen to the best bluegrass bands around. I want to thank everyone who helps with the mission. There is no way we could do this without God and our team.

Tiar is a stage IV Adrenal cortical carcinoma patient. After many treatments protocols, she told us she wanted to be home more and be with family. As parents, we listened and she has been going to school everyday, with the few dr appt days where she misses school.

She absolutely loves being a big sister at her mom's house, she has a 1 yr old little sister, and 2 three month old twin sisters. Lately, she loves playing Roblox on her tablet or dad's pc. She loves spending time with all of her family even if they are much older than her. She has been asking for a pet of her own at dad's house, so she was recently surprised with two baby guinea pigs. And she loves them sooo much. She loves being outside and enjoying the sunshine. We are very fortunate to have a child with such a positive

attitude all the time, it's a good reminder to take everyday one day at a time and enjoy even the little things. Tiar and her family are the founding members of Rollin' with Tiar, a committee under Jacy's Wagons that provides wagons to the children of West Virginia Children's Hospital. Tiar you are super special to us and we love you and your family!!!! Keep Rollin' with Tiar!!!!
