

Jacy's Wagons

February 2024

Turning a Test into a Testimony one wagon at a time

Note from Jacy:

Hi everyone! Well January was a crazy ride and February has started out amazing.. Surgery went great and I am in a boot a few more weeks. Thank you all for the prayers and calls while we were in Memphis. I will never forget this surgery for sure. We sat in the room and watched eight inches of snow fall and cover Memphis streets and yards. It took us four hours to make the drive home after surgery but we made it. While we were there we delivered five more wagons to our babies. Thank you all so much for making this mission possible. I can't wait to see what 2024 has in store for us.

A note from Han's Mom:

I remember being in the ER when they told me about St Jude. The nurses told me to not worry, it is the best place in all the world to help your baby boy. My family and I had just been through the worst experience in our lives just to get our baby from our home country of the Dominican Republic to America where there were doctors that could help him. St. Jude has changed our lives. They make every situation as painless as possible, taking care of every detail so that we feel comfortable. Han loves his wagon. It is amazing how much it helps me and him. My baby loves his doctors and nurses at St. Jude and will allow them to hold him, I can't explain it in words. Sometimes I remember my journey and my eyes do not stop filling with tears. I remember when I prayed every night seeing my child so sick, God really listens to us, I thank him with all my heart and I thank him for your mission to bring babies the wagons.
