

# Achieve efficiency, accuracy, and control over your Export Incentives & Export Obligations

Duty Drawback | RoDTEP | EPCG | Advance Authorization | GST Refund

## Why do you need EXIM-SHIFT?

Manual processes, complex reconciliations, and myraid of manual spreadsheets make controlling Export Import processes (Drawback, RoDTEP, AA & EPCG licence tracking, Export Obligation tracking, RoDTEP script monitoring) for Finance teams overwhelming.

**Result? Inefficiency, missed opportunities, and compliance risks**

## Benefits

### No Manpower Required

100% touchless processing, reconciliation, accounting & reporting of Export Incentives, Monitoring export obligations for EPCG & AA

### Recoup missed or under-claimed incentives

Identify & alert for differences in eligible duty drawback / RoDTEP incentives & claimed in Shipping Bill

### Control

Real time visibility on incentives, EPCG & AA obligations and 100% ICEGATE-ERP Reconciliation

## KEY FEATURES

### Export Incentives

- AI-powered auto extraction of shipping bill data
- Automated reconciliation with Export Sales data.
- Computation and tracking of Duty Drawback & RoDTEP
- Automated Incentive accruals

### Export Obligations

- AI-powered auto extraction of Bill of Entry data
- Real-time tracking of EPCG and Advance Authorization obligations

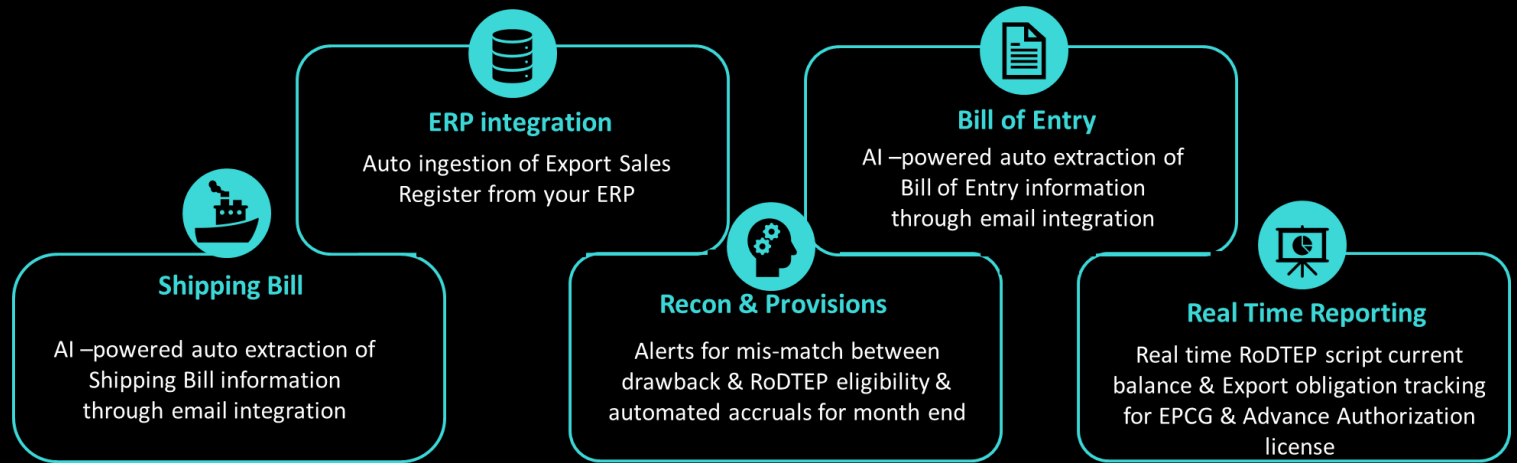

### RoDTEP Scripts Monitoring

- Seamless tracking of script utilization
- Real-time updates on RoDTEP balance

### Analytics & Insights

- Real time interactive dashboards
- Insights related to Incentives
- Correlation analysis of Exports Sales & Incentives

# Touchless Export Incentive Process

## Testimonial

“Thanks to EXIM-Shift, we no longer rely on manual efforts for managing export incentives. The solution’s ability to identify and alert us about under-claimed incentives has recouped significant value for us. With automated reconciliation and real-time visibility into our processes, we’ve achieved unparalleled efficiency and control.”
