JOSH AND JC

*I'll wait for you
while you grow,
I'll wait for you
to use what you know.*

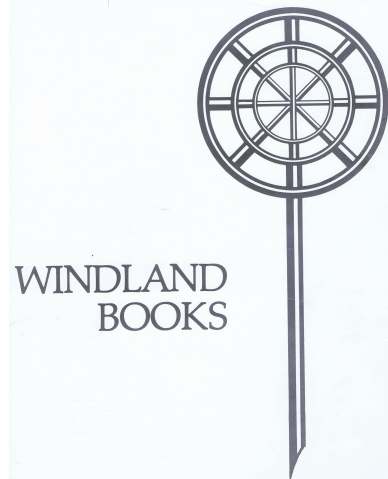

*Your love
is important to me,
and when the day comes
we'll set off for the sea.*

*I've been broken
by the loss of time,
all the things have been taken
that once was mine.*

*I'll wait for you
your lives are important to me,
and your love
sets off the fire in me.*

*I've been taken
away from the lives,
that I helped
bring to life.*

*Someday soon
I'm going to be able to share
with you the life
that was stripped bare.*

MODERN DREAM

*So tell me why
this dream has died,
I've only known
what was in your eyes.*

*I know your out there
I've looked into the night,
I reached for the star
that shines in the night.*

*I've awakened to the clouds
that makes the day into night,
I reach for the thunder
that strikes out with light.*

*You just can't ignore
what has happened in life,
You just can't discount
the shadows in the night.*

*So tell me why
this dream has died,
I've only shown you
my soul is my life.*

THE GRASS

*The grass isn't
always greener
when you look
to the other side.*

*You walked out
looking for a new
and better life.*

*Its not the same
once you reach the top,
With nowhere to go
its easy to drop.*

*The grass isn't
always greener,
when you look
to the other side.*

*You reach for dreams
that slip into the night.*

*Its not the changes
that frees you,
its the words
that miss guide you.*

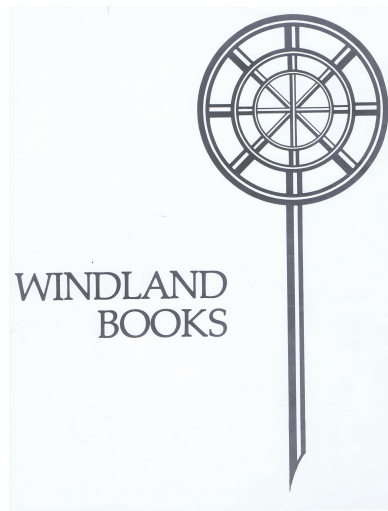

*The grass isn't
always greener,
when you look
to the other side.*

*Its the reflection
of light
that blinds your eyes.*

*its not the hope
I had for us all,
Its just the love
that's taken a fall.*

OUR DREAM

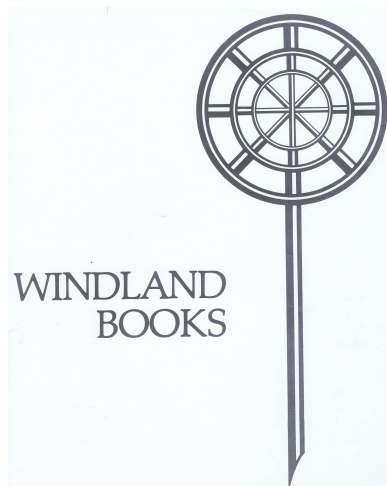

*We shared more than our hearts,
and the first time I saw you,
I felt mine was growing
from just the thought of you.*

*We've shared more then it seems,
the answer to the dreams.
We've shown that our own desires
brought our love much higher.*

*We've shared more in life,
then dreams that pass in the night.
We've raised a family together
the love we shared with others.*

*We've shared our own desires to survive,
and shown the vulnerable side of life.
We've challenged the hard times,
and carried the good ones higher.*

*We've shared all that we are,
and this has been a good life so far.
We have so many more things,
but most important is our dreams.*

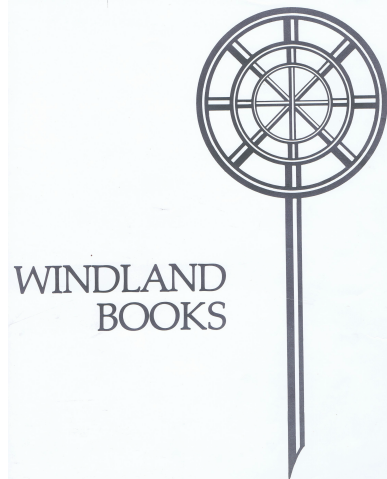

DREAMING ON

*I've dreamed I was,
and I've dreamed I was more.
but when I came to the light
I had nothing to show for.*

*I've dreamed I could,
and I dreamed I did more,
but when I woke
I had nothing to show for.*

*I've dreamed I am,
and I dreamed I've been more,
But in the light of his eye
I had nothing to show for.*

*I've dreamed I can
and I dreamed to be more,
but i've seen the answer
that shows me what lifes for.*

IN YOUR MOMENTS

*In your moments of innocence
I've seen the stars in your eyes,
I feel you see me
high in the sky.*

*In your moments of confusion
I've seen you reach deep inside,
I felt your helplessness
and your desire to hide.*

*In your moments of glory
I've seen your light shine,
I feel your eagerness
to show you mine.*

*In your moments of life
I've seen your dreams,
Its time to show you
life is more than it seems.*

BLUE DREAMS

*I came back again
and sat beneath a tree.
You told me of its wisdom once,
but i've heard nothing.*

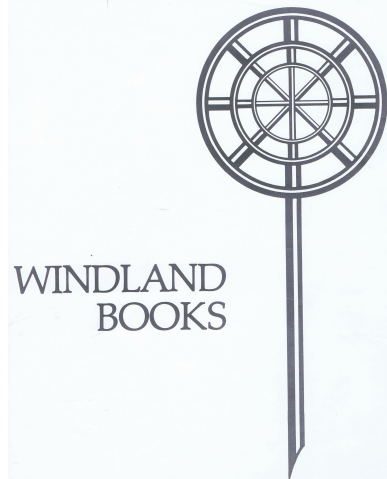

*I've waited patiently
for the words to come,
but only felt
the breeze of a leaf
falling from above.*

*I laid beneath the tree
and saw the sky,
the suns light
breaking through to touch my eyes.*

*I drifted in and out
and began to see blue,
it spread across the sky
like a cool blanket of autumn dew.*

*I floated high
above the tree,
and stopped to watch
as the colors changed around me.*

*I looked around
and there I was, not alone,
I was sharing a place with a friend,
my last home.*

TWO DREAMS

*There are times
when I wish for you,
to bigger then you are.
And then there are times
I wish you to still be small.*

*I want to remember all
the time we spent together,
when we were still crawling around,
before you had
your feet on the ground.*

*I want you to grow
up to be a man.
And still I remember the moments
my thumb was bigger then your hand.*

*The way you talk to me,
the moments you explained
to me what you need,
and all the times you said please.*

*I can't help but think
of all the time we shared.
I'll miss all the moments we cared.
You are so special to me,
what you are and all your dreams.*

*I want you to know
just how much I love you.
How much I care
and the dreams I have for you.*

OPEN YOUR HEART

*Open your heart
and give all your love.
Open your heart
to the light above.*

*Share your dreams
to us all.
Share your dreams
before they fall.*

*Open your eyes
and look for the love.
Open your eyes
and share the need from above.*

*Share you hopes
with your child.
Share your hopes
and give your smiles.*

A COOL WINTERS NIGHT

*In a deserted time,
I let my eyes cry
for the life.
I opened more words
to all those who came,
was it a party
or really a game.
I listened
for you to tell me,
from what time
we all grew.
And I hastened
to show the love
to all those
who came to know.
I created a world
I thought I did,
but what I found
was something else instead.
I thought I could tell
what was I to do,
But for the lack of time
I found out how little I knew.
I tried to clear the past
from other years,
I tried to balance
the laughter and tears.
I've given my soul
to the one,
trying to balance
what life has begun.*

LIFES BREATH

*I walked this morning
into the light,
inhaling the air
it rushing to my mind.*

*I've seen this
it being so clear,
but I had to take more,
one breath was not enough,
it was as if I didn't
I surely would not be here.*

*The light made my eyes water,
it was so strong
that I could barely see
past my own hands.
And as I struggled
to look beyond,
I had to stop
to take more of the air,
because if I did not
then surely I would not be here.*

*I tried to walk on,
but it seemed
that my feet was not there.
And as I struggled to walk,
to regain a pace,
I had to stop for the air,
Because if I didn't
then surely I would die there.*

ELIZABETH

*I dreamed last night
that I changed
the world you see.*

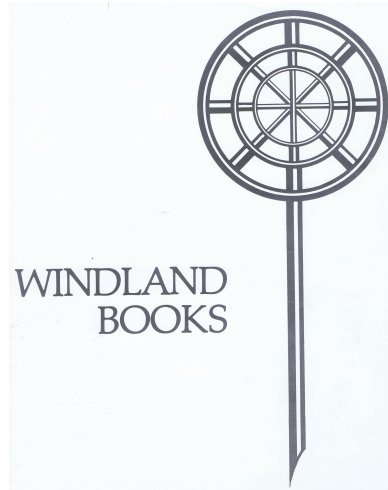

*I saw you,
you as you
as you were before.*

*I dreamed last night,
that I changed
the colors you see.*

*I saw you standing
as you stood
so many times before.*

*I dreamed last night
that I changed all
the hate in the world.*

*I saw you
the love you gave,
to us all sometime before.*

GROWING DREAMS

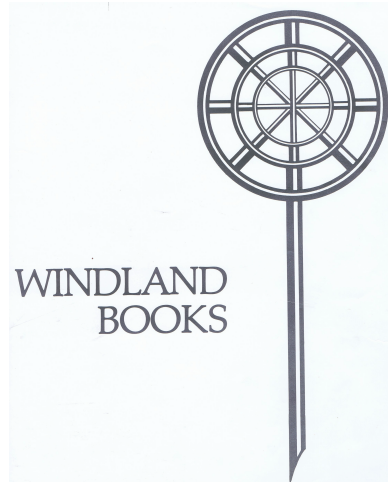

*You bring to me
an insight into my own world,
your simple desires
to share your ideas with me,
to see them unfold.*

*I've held the dream for you,
it to be yours too,
but I don't want to
force it upon you.*

*I hope to build
a sense of security,
a reality,
but I want to give you,
room to breath.*

*I want to show you
where there is room
to grow.*

*I've tried to open
doors of knowledge,
for your mind to know.*

INTIMATE DANGERS

*A danger awaits,
the desirable meets
the desperate man.*

*You've been
unable to keep
the dream from him.*

*A danger awaits,
the moment he looked
and saw you there.*

*You've seen the look,
it has changed
from time to time.*

*A danger awaits,
the moments he
reaches out to you.*

*You know
he's afraid to say
or ask for more.*

YOU AND ME

*I've listen to the change
from color,
to black and white.
I've seen the shadows
of the bright moon light.*

*I've listened to your ideas
from noon to night.
I've seen the glare
of the bright sunlight.*

*I've heard the word
the stories you tell.
I've shared the memories
of them all to well.*

*I've understood the desire
of you to be me.
I've only wished to make
your life so free.*

BRAZIL

*I've tried to bring on
a vision of sleep,
But the thought of your life
runs so deep.*

*How can I
break into the night,
the spell left
from the daylight.*

*I've been there
considering the choices,
i've broken the idea
awakened by the noises.*

*How can I
bring on the dream,
to stop my mind
from the awakening.*

*I've seen the name
the image of a mirror,
I've looked everywhere
but the answer is here.*

NIGHTS DREAM

*I awakened beside you,
and into the night
something feels
so strange.*

*A sudden cool breeze
breaks the
warm moist air
that surrounds us.*

*It feels strange
for me,
not to talk to you
in the quietest
times of the night.*

*I noticed your reaction
to my desires,
as if they were
supposed to be mine.*

*I felt your eyes
trying to reach me,
pressed against mine
in unforeseen ways.*

*I've looked for the answers
not trying to make excuses,
I can only accept
what might be mine.*

LOVE SEEMS TO DREAM

*I awakened
by you,
your sudden movement
away from me.*

*It wasn't
clear to me,
the changes,
they were unexpected.*

*I wanted to wake you,
to see if the change
was the answer
I looked for.*

*Instead I wrapped
my heart around you,
as to protect
your body and soul.*

*I laid there,
quietly,
holding the greatest
part of you,
trying not to let go.*

*I listened
to your heart beat,
as it melted
into my own.*

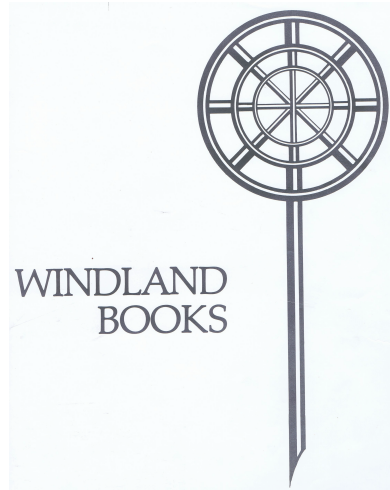

I'VE TRIED

*I've
had to try
to break the veil,
the screen
of the night.*

*I've tried
to show
you the way,
the dream
of the light.*

*I've tired
to bring the world,
and have it
surround you.*

*I've
had to try,
to see
more of you.*

ON THE OTHER SIDE

*Believing
that nothing would
make them fall,
I remember
the time building
my own walls.*

*I work so hard
trying not to be hurt,
I lost more than love,
and found it wasn't me
that was hurt.*

*I saw your light
it slipping through
the cracks,
I felt the way
you continue to hold back.*

*I've tried to reach
and open myself
to you,
hoping to show
what life there is
for you.*

*I saw the wall
I've confronted
so many times,
I've struggled
so hard to see
what's behind.*

SEARCHING STAR

*I sat and watched
for the stars,
but they were overcome
by the light.*

*I waited for
the stars to fall,
so I could wish
for the night.*

*I waited for you,
to show me
all I can be.*

*I dreamed of you,
about me,
touching, holding
the soul of me.*

*I remembered
how your heart beat,
I wanted to surrender
all of me.*

I'M HERE

*I'm here
sharing my time with you,
but still we say the things
that leave us feeling alone.*

*I've asked
as in the past,
for you to give more
but you refuse to be more.*

*I've awakened
unsure, unsafe of the way,
I've fallen short
as I reach for the door.*

*I'm here
walking the line with you,
but still we leave the dream
to the unspoken few.*

I'M NOT

*I'm not like the rest,
how can I show you
who I am
if I don't try.*

*I've tried to
be at my best,
but how can you
keep me from wanting to fly.*

*I'm trying to
keep the peace,
But if I can't get out,
how will I ever sleep.*

*I've tried to
reach at least
for the answers,
buried so deep.*

AND FRIENDS

*I've spent
more time with you,
playing in my dreams,
though we see so little
of each other it seems.*

*The day away from you,
my mind's eye watching your picture,
silently looking back at me.
I often wonder if you
are looking at mine too.*

*The thought of seeing you
the thought of being my friend.
It has changed me
from being what I am.*

*I've tried to shake
more than the pain,
but all those thoughts,
keep coming back to me
again and again.*

*I'm not saying
I have all the answers,
if you could just show me,
a place for the laughter.*

AUTUMN CHANGES

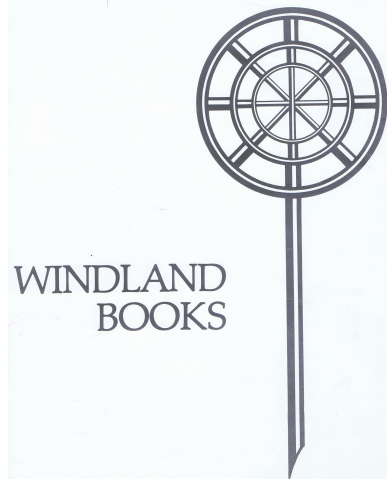

*I stay up at night,
afraid I'm going to miss something.
I've awakened early in the morning
to get a jump on the day.*

*There's been so many times
I've reached for the ring,
but i've fallen short
and lost my way.*

*I'm bringing the colors
making the leaves fall,
I tried to direct the answer,
the message to them all.*

*I've felt I left them
without a chance at all,
filled up the bag
with leaves of us all.*

*I stay up late at night,
afraid i'm going to miss something.
I've awakened early in the morning
and found that autumn changed things.*

GENTLE PASSING

*I came across a fire
set beneath a tree,
its flame as bright
as the sunlight.*

*I sat there
enjoying the flame,
the warmth
that it brings.*

*I began to fall
into a gentle sleep,
but then I jumped
up on my feet.*

*I began to walk away,
and I noticed the warmth
was still there,
it wasn't cold
the air.*

*I walked further
before I noticed,
my feet were not
touching the ground.*

*I turned
and looked back
to the fire.
There my body lay,
next to the fire
on the ground.*

CHILDS PLAY

*How will I ever
find another dream,
like the one
I had last night.*

*I was playing
the games of a child,
the night lit
by the moons light.*

*How will I ever
feel the love,
the way I did
in those dream days.*

*I was looking
for the one,
who could show me
how a child plays.*

*How will I ever
touch your love,
the way I did
in my dreams.*

*I was looking
for the one,
who brought me closer
to lifes dream.*

EVERY

*Every square inch
of my life,
is surrounded
by the love you given me.*

*Every waking moment
in my life,
is consumed
by the thought of your love.*

*Every new day
in my life,
is awakened
by the thought of seeing you.*

*Every sunset
in my life,
is shaken
by the way you say goodbye.*

I AM HERE, WITH YOU

*I am not in
the darkest of night,
as cold as
you feel I am.*

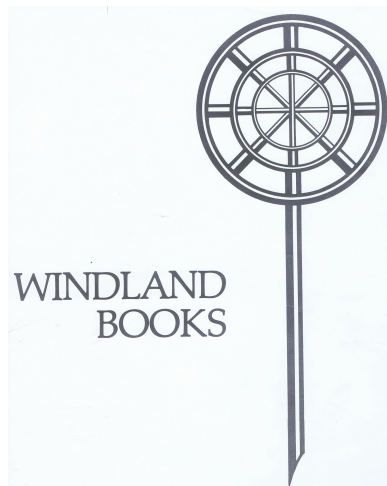

*I've come to bring
you the warmth
you have been
seeking.*

*Not the sleep
of the night,
but from the heat
you've felt from
the sunlight.*

*I have not
been farther away
than the touch
of your hands.*

*I've come to be
with you
and keep you alive
and away from harm.*

*Not to chase away
the dreams
that cause you
to wonder in the night.*

THIS IS MY DREAM

Today a dream has been born.

*Not an ordinary one,
but one filled with the colors
of hope, joy and love.*

*And as each of us reach
to bring our dream to life,
we share them*

*with someone close to us,
we hope that they can see
the dream as we do.*

*I've opened my heart
and tried to reach you
in the only way I know how.*

*I want for you to share my dream
and be a part of a life
that is just beginning.*

*Like the first time
that I met you,
I looked at the color
of your eyes
like a rainbow in the sky.*

*Like the first time
I felt you,
I could feel my heart
melting into your eyes.*

*Like the first time
I kissed you,
the world as I knew
became a star.*

*Like the first time
I met you,
I felt your heart
so very far.*

of your voice

BABY

*I'm so happy
for the dream,
delivered so excitedly
in the scene.*

*I'm so happy
by the life,
delivered so beautifully
in the early morning.*

by the life,
delivered so rapidly
in so few seconds.*

*I'm so excited

*I'm so happy
for when I'm not there,
they will protect you.*

JORDAN

*As a star
falling from the sky,
I felt as if I caught you
in my hands.
And when I took
a closer look
I saw your eyes twinkling
in the night.
And as a star
there is only one
way to be,
to treat you as a jewel.
So delicate to touch
so clear to the eye.
I was frightened
that I could not
care for you
as I should.
I was trying to
feel your heart,
to see the life force
within you.
I did not
want to stumble,
your care in my hands.
So important to me,
I'm so glad
to see you,
a star I caught
falling from the sky.*

MY CHILDREN

*I question
my methods,
I felt the abuse
from my childhood.*

*I felt the confusion,
it was more
than I wanted too.*

*I hope know that we
can be closer,
because how far
we are today.*

*Through the distance
from each other,
I can appreciate
the love you have
and that which I
have for you.*

JASON MY SON

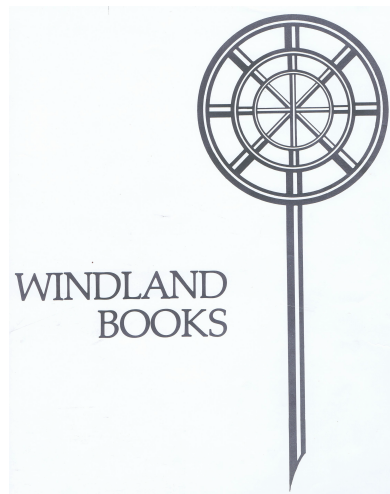

*And your look
has filled my heart,
and your eyes
have trusted me more.*

*And you came
for me,
and you share
your toys with me.*

*And I'm not afraid
to love you,
and be what you
want me to be.*

*And I am here
for you,
and I will always
love you.*

JORDAN A STAR

*This is a new life
with time to grow.
This is a new world
with so much to know.*

*There is time
to be serious
about all things
and to have fun seeing.*

*This is a new day
with it the sun.
And even if it rains
more life will begin.*

*There is a star
burning bright,
staring, protecting
you in the night.*

FALLING SOUL

*The window is open,
it is the night
that has fallen,
not the light.*

*There is no way
to cover the view,
even the man can see you
as I wish to.*

*I feel so vulnerable,
at this moment
the light inside shows,
and I feel a rush
of air pass by me.*

*It awakened me,
what I saw was so bright,
everything else
was drowned by the light.*

MY BODY, MY SOUL

*My body trembles,
my heart pounds,
my mind is racing
trying to touch you.*

*My body is frightened,
my eyes wet,
my senses scared
of not being able
to feel you.*

*My body is exploding,
my hands trembling,
my soul so afraid
of losing you.*

*My body shakes,
my ears refusing to hear,
my memory of you
to lose it
would be the end of me.*

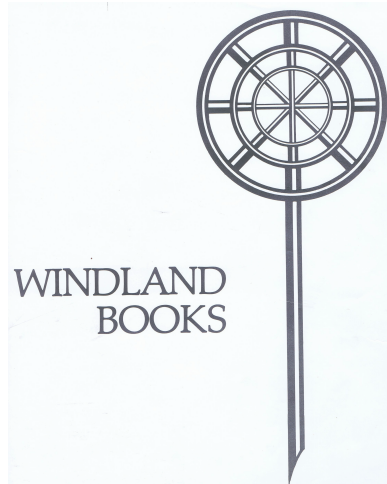

SOMEONES BABY

*We were all someones baby once,
we had so much security
that we thought the
world the safest place to be.*

*Everyday you are not here
I miss you so much more,
I tried to make the right move,
I did not want you to live
in the angry silence.*

*Everyday you are not here
I remember the fun we had,
it makes me so much better
to know that you are happier now.*

*Everyday you are not here
I try to find new ways
to show you how much
I love you,
and how much I care for you.*

NAILS ON THE WALL

*We hang ourselves
all around,
we bring to each other
brightly lit sounds.*

*We share our memories
with there eyes,
We expose our faces
to anything but lies.*

*We reach the heart
and soul,
we want to love
that we cannot hold.*

*We stopped looking
at them all,
we were once together,
know I count the nails
on the wall.*

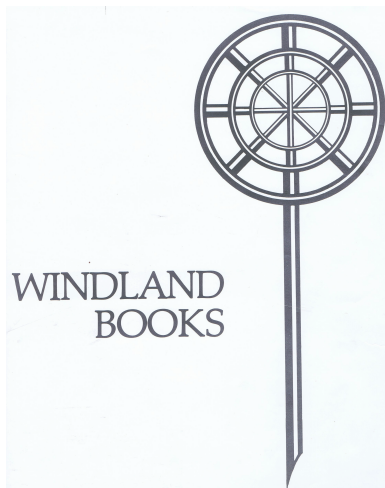

THE SHORE

*I do not like
what I cannot see,
the dark thickened water
of a bluish green sea.*

*I've stood in a wave
trying to make it halt,
but the water burned
my eyes with salt.*

*Watching the waves
as they break there crown,
I mistook its intensity
as it knocked me down.*

*I regained my stand
and rebuilt my strength,
I reached for the answer
out of arms length.*

A CHILD

*I watched you move
so swiftly and silently,
I've seen the impression
left by the foot of a giant.*

*I'm so glad
that you are here,
I don't know
what I would have done
if you did not come.*

*I waited for the moment
to show you,
this is your dream,
helping you to see it
before you wake.*

*I'm so happy
that now you are
beginning to see,
how much you can be
and the difference you make.*
