

# Pay-to-Park Stripe Integration

## Step 1: Create Stripe Account

Create your Stripe account at:  
<https://dashboard.stripe.com/register>

## Step 2: Verify Email

An email will be sent to the email address registered during signup process.

## Step 3: Select Activate Account

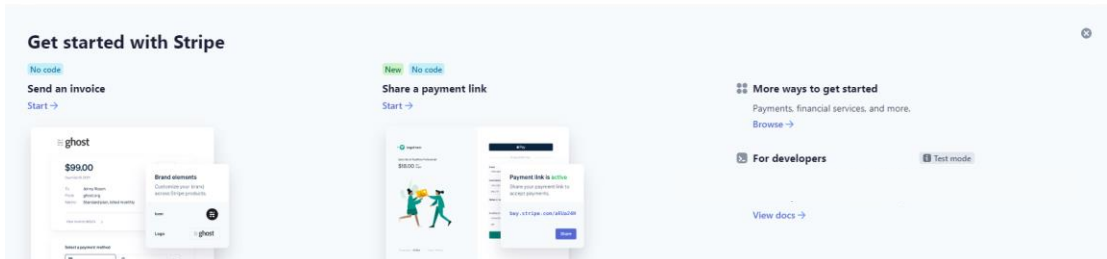

Select the Activate Account at the top of the screen to proceed with signup process.

### Next, add your business details

Tell us a little more about your business to activate your account.

[Start →](#)

## Step 4: Complete Business Registration

The screenshot shows a web form titled "Tell us about your business" within a "Business structure" sidebar. The sidebar lists various sections: Business details, Fulfillment details, Support details, Bank details, Two-step authentication, Tax calculation, Climate contributions, and Summary. The main form area includes a heading "Tell us about your business" followed by a sub-heading "Registered business address" and a dropdown menu set to "United States". Below this are input fields for "Address line 1", "Address line 2", "City", "State" (dropdown), and "ZIP". A "Type of business" dropdown is set to "Individual". A blue "Continue" button with a right arrow is at the bottom.

This step requires the following information:

- Business Address for Company
- Contact Information for Company
- Bank Account to Deposit Funds

Registration cannot be completed without this information.

## Step 5: Activating Stripe Connection

Once registration is complete, login into your ParkingSnap account and select the Integrations icon on the sidebar.

From the Integrations page, select Connect with Stripe.

*The connection between Stripe and your ParkingSnap/Register2Park account will link instantly if you are logged into your Stripe account at the time of integration.*

The screenshot shows the "MyCommunityVIP" interface. On the left is a sidebar with navigation items: Violations, Permits, Reserved Spaces, Temporary Vehicles, Blocked Vehicles, Denied Parking, Visitor Registrations, Confirmation Number Lookup, Patrol Log, Vehicle Search, and Integrations. The "Integrations" item is highlighted with a red box. A red line connects this box to a larger screenshot of the "Integrations" page. This page has a dark header "Parking Snap Premium" and a sub-header "Integrations". It features two main sections: "stripe" and "Square". The "stripe" section has a light blue bar with the text "Connect your Stripe account for processing any Pay to Park transactions." Below this is a link "Connect with Stripe" which is also highlighted with a red box. A callout box points to this link with the text: "While signed into your Stripe account, select Connect with Stripe to activate the connection." The "Square" section has a similar light blue bar and a "Connect with Square" link.

## Step 6: Authorize Stripe Connection

The screenshot shows the Stripe authorization interface. At the top, it says 'Your Enforcement Services' and '(Registered Email Address)'. The main heading is 'Your Enforcement Services partners with Stripe for secure payments.' Below this is a link to 'Return to Your Enforcement Services'. The central heading is 'Select the account you'd like to connect to Your Enforcement Services'. A sub-heading explains that the service will be able to see account data and create payments. A red box highlights a dropdown menu showing '(Business Account Name)'. A red callout box points to this dropdown with the text: 'Verify that the business you wish to connect to Register2Park is selected.' Below the dropdown is a blue 'Connect →' button and a 'Create a new account' button.

This page explains that you are linking your Stripe account with a third-party service, Your Enforcement Services.

Payments for parking will be performed on the Register2Park website and the fees will be automatically deposited to your Stripe account, this connection is necessary for the payment processing.

Please review the information on the authorization screen to verify that you are connecting the correct account if you have other businesses connected to Stripe.

## Step 7: Confirm Stripe Connection

The screenshot shows the 'Integrations' page in the Parking Snap Premium dashboard. A green banner at the top says 'You have successfully connected your Stripe account!'. Below this is the Stripe integration card, which shows 'Status: Connected' (highlighted with a red box) and 'Account ID:'. It also includes a link to 'terms and conditions' and a 'Disconnect Stripe' button. Below the Stripe card is the Square integration card, which has a yellow banner that says 'To connect your Square account, first disconnect your Stripe account.'

Once this connection has been established, you will see the status on the Integrations page change to Connected.

## Step 8: Access Guest Registration Options

The screenshot shows the ParkingSnap dashboard. At the top, it says 'Pay to Park Activation Demo' and 'Pay to Park Demo Manager'. A search bar is visible. A red box highlights the 'PROPERTY MANAGER' dropdown menu, which contains the following options: 'My Profile', 'Property Rules', 'Property Settings' (highlighted with a red box), 'Switch Account', and 'Logout'.

Now you have completed the Integration and are ready to set your parking fees!

From your ParkingSnap Dashboard, select Property Settings to access your Guest Registration and Pay to Park options.

Before logging out of your Stripe account, confirm that the default Test Mode is turned off.

**Payments cannot be received to your account while the account is in Test Mode.**
