Speaker Bio Mark Kuller

Patent Law Overview

WWW.DESUSTAINABLECHEM.ORG

Mark Kuller is an attorney with over 30 years' experience working for large chemical companies, including E. I. du Pont de Nemours and Company and Hercules Incorporated. He has extensive domestic and international experience negotiating collaboration, license, joint venture, M&A and other agreements; developing and implementing intellectual property strategies; managing intellectual property litigation; counseling clients on commercial and intellectual property law; drafting and prosecuting patent applications; and supervising attorneys, patent agents, paralegals and support staff. He is currently an Adjunct Professor teaching Intellectual Property and Contract Development and Negotiation at Widener University Delaware Law School, General Counsel at AlgiKnit Inc., and consults on business matters, negotiations, and intellectual property strategy.
