

# 360 ASSESSMENT SERVICES

## WHAT IS IT

The Leadership Circle Profile™ (LCP) provides a detailed snapshot in time, enabling leaders to answer the question:

**“How are my behaviors and mindset enabling or constraining my intended leadership impact and our business performance?”**

A 360° leadership assessment gathers feedback from a variety of people – bosses, associates, and peers, and direct reports to evaluate a leader’s skills, attitudes, influence, and overall effectiveness.

The LCP is unique because it is the only 360° assessment that measures Creative Competencies and Reactive Tendencies, combining leadership’s inner and outer attributes. This 360-degree assessment feedback gives the leader greater insight into how they are perceived, including strengths and current limitations in their leadership effectiveness.

## WHAT’S INCLUDED

Abeo’s founder, Suzanne Murphy, is a certified Leadership Circle Coach. She will lead the administration of the assessment and provide two 1:1 coaching sessions to discuss results and a way forward.
