We are offering new opportunities for theological education, as well as faculty members who have energized all of us with the privilege of being here on a daily basis. Our institute is accredited through Transworld Accrediting Commission International.

What has not changed, however, is our focused commitment to prepare men and women for ordained ministry. Though our students are prepared to go on to additional graduate work our students graduate from Bible Institute of America with a call to serve in pastoral ministry, which is truly distinctive!

Ministry and mission in service to Jesus Christ and the revitalization of congregations, large and small, is at the center of who we are as a community of faith, worship, and learning. Though we are a community that is rooted in the great theological traditions of the church, we are continually finding ways to translate those traditions to a new generation of believers.

We look forward to welcoming you to our faith community/family.

Sincerely,

Chief Apostle Dr. William R. McPhaul Sr.,
President/Founder/ Chancellor

Pastor Dr. Vanessa McPhaul
Vice President/ Founder/Vice Chancellor

- Thesis (10,000 words)

APOSTOLIC ORDER has two meanings; first we seek to order congregational life according to the teaching of the original Apostles in the first century as can be reasonably applied in our current day. Second we order our congregations under apostolic leaders who are chosen by God today and supernaturally confirmed as the servant-overseers of congregations. This is an issue of God's government. Biblically, elders in plurality are to govern congregations. This is seen clearly in the book of Acts where it says that elders were appointed by Paul. It is amazing how little emphasis there is on a senior pastor. I do believe in a leader of the group of elders, but elder plurality government for local congregations is the emphasis of the New Testament.

Grading System

The grading system is as follows:

93—100 = A

92—85 = B

84-77 = C

Anything under 77 is a D or incomplete

Grade Points

In order to graduate, a student must earn a sufficient number of grade points to equal twice the number of semester credit hours attempted. A student's grade point average (GPA) is computed by dividing the number of grade points earned by the number of semester hours attempted. A cumulated average of two grade points per semester hour is necessary for graduation.

Change of Grade

It is the students' responsibility to retain all assignments, quizzes, and exams until final grades are received in the event an error in calculating or reporting a grade has been made. In the case of such an error, the student should immediately present his/her case to the instructor. If warranted, the instructor will then initiate a change of grade in the office of admissions and records. The deadline for a grade change request is six weeks after the close of a semester. The academic dean must approve all change of grades.

Incomplete Grades

An "I" incomplete grade is given when a student, due to illness or an emergency situation beyond their control is unable to complete their final project or final exam before the end of semester. Work must be turned in within two weeks from the close of the semester; otherwise, the student will receive a failure "F" for the incomplete work. The final grade will be adjusted according to the average of the course work and the final "0" grade.

Examinations

Students receive a syllabus for each course they are enrolled. Students are responsible for noting the dates on which the instructor has scheduled quizzes, exams, mid-terms and/or finals.

Make Up Policy

All exams must be made up within 5 days of the date of the original exam (excluding weekends).

1. Illness

In the case of illness, the student must notify the administrator/dean of school his/her illness.

2. Non-Illness

Students who miss an exam for non-illness reasons should make an appointment with their professor to make up the exam. Student not making up the exam with the prescribed time period will receive a "0."
