Dog Training Philosophies

OUR METHODS

Effectiveness: Combining positive reinforcement with appropriate corrections can address a wide range of behaviors.

Comprehensive Results: Can address both desired behaviors through positive reinforcement and discourage unwanted behaviors through correction when necessary.

Promotes Relationship: Fosters a positive relationship between the owner and the dog, incorporating praise and rewards alongside necessary corrections.

WHY CHOOSE US?

Ultimately, the "best" method is one that aligns with the dog's needs, the owner's abilities, and the specific goals of training. Our guidance as professional trainers tailor an approach that suits both the dog and the owner.

 West Covina, CA

POSITIVE ONLY

- Focuses on rewarding desired behaviors to reinforce them.
- Utilizes treats, praise, or play to encourage good behavior.

DOMINATION

- Emphasizes establishing the owner as the dominant leader.
- Involves correction-based techniques to discourage unwanted behaviors.
- Has been disproven and rejected by most accreditations.

BALANCED

- Based on evidence-based practices and behavioral science.
- Prioritizes understanding canine behavior and using positive reinforcement for effective training.
