

DQD Mounting Systems Licensing Application

Application for Licensing the DQD Universal Mounting System (Receiving Side)

Thank you for your interest in partnering with DQD Mounting Systems to integrate our patented, innovative universal mounting system into your products. This application outlines the process, requirements, and commitments necessary for licensing the receiving side of our mounting technology, allowing you to incorporate it into your product designs while adhering to our strict quality and branding standards.

Please complete the following application and submit it to

licensing@dqdmountingsystems.com. Upon review, DQD will notify you of your application status within 30 business days. Approval is required before any use or production can commence.

Applicant Information

1. Company Name:
 - Address:
 - Contact Person:
 - Title/Position:
 - Email:
 - Phone Number:
2. Company Overview:
 - Brief description of your company, including industry, primary products, and target markets (e.g., hunting, photography, drones, etc.).
 - Years in operation:
 - Annual revenue (approximate):
 - Number of employees:
3. Product Integration Plan:
 - Describe the specific product(s) into which you plan to integrate the DQD receiving mount side (e.g., firearms, archery equipment, cameras, tripods, etc.).
 - How will the DQD mounting system enhance your product's functionality or value?
 - Estimated production volume (units per year) for products incorporating the DQD mount:
 - Target launch date for products using the DQD mount:
4. Manufacturing Capabilities:

- Describe your manufacturing facilities, including location(s) and capabilities (e.g., CNC machining, assembly, finishing).
 - Do you have experience with high-quality metalwork and finishing processes (e.g., anodizing)? If yes, provide details.
 - How will you ensure compatibility with DQD's design specifications and quality standards?
5. Quality Assurance Commitment:
- Detail your quality control processes, including testing and inspection protocols for products incorporating the DQD mount.
 - How will you ensure adherence to DQD's quality standards, including durability, finish, and performance?
6. Branding and Marketing Commitment:
- Agree to follow DQD's branding guidelines, including the use of DQD logos, trademarks, and marketing materials in association with licensed products.
 - Describe your marketing plan for products featuring the DQD mount (e.g., channels, target audiences, campaigns).
 - Agree to prominently display DQD branding on packaging, product documentation, and online listings as per DQD's requirements.
7. Financial and Legal Information:
- Provide an overview of your financial stability (e.g., profit margins, funding sources).
 - Are there any existing legal disputes or regulatory issues that could impact this partnership? If yes, provide details.
 - Agree to pay a licensing fee or royalty (to be determined based on volume and agreement) and adhere to DQD's intellectual property protection terms.
8. References and Past Partnerships:
- List any previous licensing, partnership, or manufacturing collaborations, including contact information for references.
 - Provide examples of products or partnerships demonstrating your ability to maintain high standards and meet contractual obligations.
9. Additional Information:
- Why do you believe your company is a good fit for partnering with DQD Mounting Systems?
 - Any additional comments, questions, or proposals for this partnership.
-

Licensing Agreement Terms (Preview)

Upon approval, licensees must agree to:

- Exclusive Use: Use the DQD receiving mount only as outlined in the approved application and not sublicense or distribute it independently.
 - Quality Control: Adhere to DQD's quality standards, including regular audits by DQD representatives.
 - Marking Requirements: Display DQD branding and patents on all products, packaging, and marketing materials as specified.
 - Royalty Payments: Pay a royalty or licensing fee (e.g., 5% of net sales of products incorporating the DQD mount, subject to negotiation).
 - Non-Disclosure: Protect DQD's intellectual property and maintain confidentiality of shared technical information.
 - Termination Clause: Allow DQD to terminate the license for non-compliance with quality, branding, or payment terms.
-

Submission Instructions

- Submit this completed application electronically to licensing@dqdmountingsystems.com
 - Include any supporting documents (e.g., product designs, financial statements, quality certifications) as attachments.
 - DQD reserves the right to request additional information or conduct site visits before granting approval.
-
