Hello _____:

I'm excited to be a new volunteer for First Point Volleyball. It's a fun and important reason to get involved, giving me an excuse to reach out to you today. First Point shared with me that the First Point Foundation has received 560 separate donations over the years from 345 unique donors, your gifts being a solid part of that.

Thank you for what you have done to grow the game!

I joined our Never Miss Society by committing to 3 consecutive annual gifts. I also committed to a social group of volleyball junkies, happy hours, networking, and celebrating the growth of the game we love.

My first job is to help First Point find 89 donors who will say "YES!" again... and make a gift by month's end. Might you click this link and help me toward our goal?

My attendance at a pizza party with John Speraw and MVB notables is riding on it.

Thank you,
