About Roca

Roca is a family-owned company dedicated to the design and production of solutions for the bathroom space. From our beginnings in Barcelona in 1917, we have grown into a global benchmark in sanitaryware. Roca is now one of the largest producers of bathroom products on the planet, operating 81 production facilities across five continents, employing over 20,000 people and serving over 170 markets.

Our designs are intuitive and intentional. Our philosophy is one of perpetual improvement, and we constantly seek to improve our product experience. Drawing on the knowledge and expertise of our global network, as well as over 100 years of experience in the sector, we develop innovative solutions that refine your bathroom while bringing comfort and simplicity to your daily routine.

Design is ingrained in everything we do. Our team of experts, often through collaborations with some of the world's leading designers, consistently create products and collections that drive innovation in the sector. These teams, along with our cutting-edge facilities, manufacturing prowess and exceptional production capacity, have allowed us to maintain our position of global leadership for more than a century. Even while achieving a presence in over 170

markets across the world, we have remained close to our roots. From the beginning, we have been active participants in Barcelona's design culture, where forward-thinking ideas and vernacular styles go hand-in-hand to create natural, intuitive solutions that enhance daily living. We will continue both to draw from and contribute to the wellbeing of this community.

We recognize that our position of global leadership comes with responsibility. We seek to set the standard in sustainability at every step of the manufacturing process: from the acquisition of materials, through to production, logistics, packing and shipping. We design our products with sustainability and efficiency in mind, from toilets that minimise water consumption to furniture made with wood sourced from responsibly-managed forests.

We also carry out projects that help address some of the most pressing global challenges of our time. To this end, our foundation We Are Water works to promote a culture of sustainable, responsible water management, and to provide safe, reliable access to clean water in some of the most disadvantaged communities across the globe.

Our commitment to the planet extends into the social field. We are serious about our responsibility towards our employees and the communities we serve. Our aim of improving people's lives both within and outside the company has led us to promote initiatives that foster talent and improve the customer experience. Our One Day Design Challenge provides an opportunity for emerging designers to showcase

their creativity and expand their professional networks, as it was also the case for more than 15 years with our international design competition jumpthegap®, where young designers re-imagined the bathroom space of the future. And through our six international Roca Galleries, and web platform rocagallery.com, we host events, talks and articles which foster dialogue around some of the planet's most important issues.

We celebrate the small, daily moments of domestic happiness. The bathroom is an intimate space of self-care which can enhance users' daily lives. At the heart of our business is the desire to develop attractive and functional solutions that contribute to improved wellbeing and better standards of living.

We make
people live the
best bathroom
experience

Smart Toilets

Roca's smart toilets offer a range of options to suit different preferences and budgets combining cutting-edge technology, hygiene and comfort to provide users with a modern and connected bathroom experience. Personalized settings and easy maintenance and cleaning management can be tailored to individual needs through the Roca Connect App.

Cutting-edge technology to offer maximum hygiene and comfort in the bathroom

Technologies

Rear wash with Multi-Stream. The rear wash with Multi-Stream gives users a choice of different rear wash modes, allowing for tailored cleaning to suit different preferences.

Soft front wash. This functionality uses nine different sources for perfect water distribution of water and a superior level of front cleaning.

Rear and front wash with Airtech technology
This technology ensures highly effective cleaning using advanced engineering that injects air into the water stream.

Maximum customisation. Adjustable nozzle positions, water pressure, temperature and oscillation ensure ideal water distribution for a better washing experience. These functions can be personalised and conveniently controlled. In addition, the mobile app allows for the creation of user profiles, automatic drying after washing, and the selection of washing and drying times.

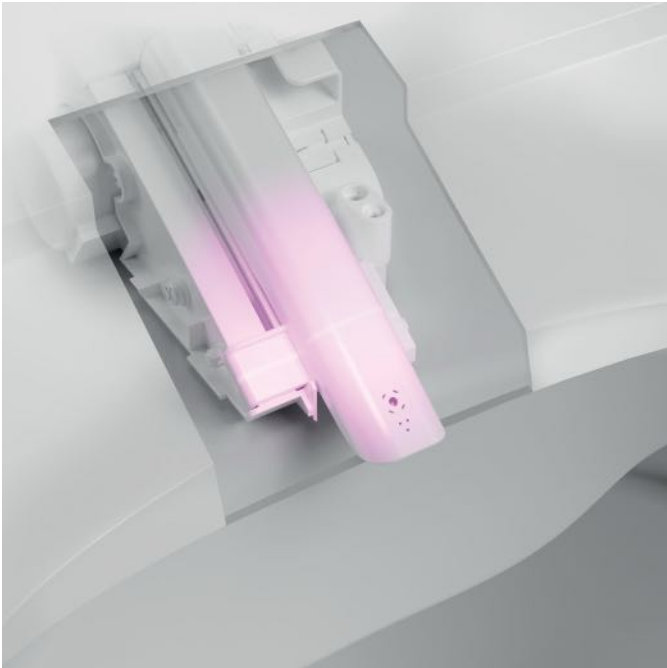

Coanda Effect Dryer. High-performance dryer with the Coanda effect, in which fluids tend to follow the surfaces. This principle was a source of inspiration in the design of the nozzle, which directs air to the precise point where it is needed. With the Coanda effect air is directed to a specific area for peak drying performance at any power level.

Heated Seat. A heat seat adds to the luxury experience by distributing heat evenly for extra comfort. Users can choose from four different temperature levels, either continuously or scheduled via the app.

In-Tank™. A notable innovation is Roca's In-Tank™ technology. This ingenious design, which integrates the cistern into the toilet bowl, significantly enhances the user experience by combining practicality with advanced technology for maximum convenience. The In-Tank design is both space-saving and aesthetically pleasing. By eliminating the external ceramic cistern and flush plate, it frees up valuable bathroom space while maintaining clean, sleek lines that contribute to a modern and visually appealing look. Placing all the necessary elements in the toilet bowl and off the wall also ensures easier access, installation and maintenance. In-Tank™ offers a 1.28 gallon full flush that combines powerful performance with quiet operation. Unlike traditional systems where water is stored behind the wall, In-Tank's integrated design ensures reduced noise levels, without disturbing adjacent rooms.

Smart Toilets

Auto Open/Close: The automatic opening and closing of the seat and lid provides a more hygienic and comfortable experience, eliminating the need to touch the seat or lid.

Auto Flush: This feature automatically determines the appropriate flush volume, providing either a full or half flush, depending on user needs. For added hygiene and convenience, this functionality also allows the configuration of a pre-flush that activates as the user approaches, helping to maintain a clean bowl.

Auto Deodoriser: Designed to effectively remove odors and maintain a fresh bathroom environment, the automatic deodoriser uses an advanced design to maximise odor removal efficiency. To ensure that all odors are effectively neutralised, three key factors are maximised:

1. The contact time between the contaminated air and the carbon filter
2. The size of the filter to increase the contact area
3. The choice of a high quality, easily replaceable carbon filter with exceptional absorption capacity

Night Light: For convenient nighttime visits, the night light provides subtle illumination, with options for manual, scheduled or automatic activation.

Hygiene Flush: Roca's signature Hygiene Flush provides comprehensive cleaning and a subtle infusion of freshness through a dose of aromas released with each flush.

Roca Rimless™ Vortex: This innovative design, which replaces the traditional rim of the toilet bowl with a smooth edge, allows water to flow around the edge of the bowl during flushing, rather than from the inside of the rim. This makes it easier to clean and more hygienic, eliminating the nooks and crannies where dirt and bacteria typically accumulate.

Self-cleaning nozzle with UV: The application of water before and after each use, supplemented by UV light, effectively removes 99.99% of bacteria. While water cleaning alone is sufficient, integrated UV light treatment ensures optimum nozzle disinfection.

Supraglaze™: An exclusive smooth Roca glazing for the bowl allows easy removal of any dirt particles and bacteria for greater hygiene.

Lift&Clean: Combined with Roca Rimless™ technology, Lift&Clean makes it easy to remove all dirt particles, improving toilet hygiene and streamlining the cleaning process. The e-bidet can be partially detached, allowing the user to reach anywhere easily for cleaning.

Descaling: Designed for easy maintenance and extended performance, the descaling solution is easy to use and requires minimal effort. Conveniently accessible via Roca Connect within the alerts and application support framework.

Roca Connect: Users can adjust process settings, schedule maintenance, and control washing and drying functions remotely, and receive useful notifications and consumption statistics.

In-Wash™ Functionalities

In-Wash™ Insignia Smart Toilet

| Iconography | | | | | |
|-------------|-----------------------------|---|--|-----------------------|--|
| | Roca Rimless™ | System designed to optimize cleaning and hygiene | | Electrical connection | Electrical connection required for correct operation |
| | Roca Rimless™ Vortex | Technology that simplifies cleaning, maximizes hygiene, and provides a powerful 360° flush, while minimizing noise, splashing and aerosol dispersion | | Supraglaze™ | Exclusive glazing technology that maximizes hygiene and simplifies cleaning |
| | In-wall installation system | Allows easy and safe installation of wall-hung WCs | | Roca Connect | Roca Connect uses Bluetooth or WiFi to link products, sending sensor data through a local Gateway to a secure cloud. The processed data is shown in real-time on an app and desktop dashboard, enabling remote device management and configuration |
| | Heated Seat | Customizable temperature settings to enhance comfort | | Auto open/close | The lid and seat open and close automatically using motion sensors, providing a hands-free, hygienic and more convenient experience |
| | In-Tank™ | A signature innovation from Roca that integrates the water tank within the bowl, maximizing available space and unifying aesthetics with practicality in the bathroom | | Deodorizer | The built-in deodorizer activates automatically after each use, neutralizing odors to keep the bathroom air fresh and clean |

Toilets and Sinks

The design and innovation of bathroom collections that transform the everyday bathroom experience is woven into the 100-year history of Roca. A combination of traditional stoneware and high-tech innovation in ceramics generate durable and anti-bacterial surfaces with new aesthetic possibilities for different shapes and designs. Technologies such as Roca Rimless™ underscore the company’s ongoing passion to create the best bathrooms for everyone. An extensive range of styles can be found in washbasins, toilets and bidets. Each piece is set apart by their diverse aesthetic and remarkable longevity, a key characteristic of sustainability.

Key Benefits

- Hygiene.** Zero porosity surface that prevents the absorption of water and the proliferation of humidity and bacteria.
- Quality.** Made with an exclusive mineral composition, our consistent and robust pieces undergo rigorous testing and controls.
- Durability.** The high-quality glaze provides stability against abrasive products, extreme temperatures or ultraviolet light.
- Resistance.** Solid and robust, with outstanding static resistance verified by load tests of up to 882 lbs.

Technologies

- Roca Rimless™**
Easy cleaning. An interior bowl with no hidden nooks and crannies for dirt and germs to accumulate makes cleaning easier than ever.
- Effective flush.** Maximum power propels the water with more force and distributes it evenly over the entire surface ensuring a more effective hygiene.
- Roca Rimless™ Vortex**
In addition, Roca Rimless™ Vortex features an improved water flow with three extra benefits:
 - Maximum hygiene.** An effective 360° whirlwind flush system with an enhanced water path to ensure complete coverage of every part of the bowl up to four times.
 - Extra silent.** A smoother and more efficient water outlet reduces turbulence and noise.
 - No splashback.** The optimised circular motion of water puts an end to splashing and considerably reduces the effect of aerosols.

Each piece is set apart by their diverse aesthetic and remarkable longevity, a key characteristic of sustainability

A combination of traditional stoneware and high-tech innovations in ceramics enable new aesthetic possibilities

Materials

Stonex™

An innovative material made from a high-quality gel coat outer layer and a resin substrate combined with a fine selection of different mineral charges.

Hygienic. Outer layer with antibacterial properties prevents the spread of microorganisms on the surface meeting the most stringent hygiene standards.

Resistant. Resistant to wear and tear, chemical agents and discoloration caused by sunlight and artificial light.

Easy cleaning. Surfaces are easy to clean with water making bathroom cleaning simple.

Surfex™

Durable material. Made up of a combination of solids, resins, catalysts and promoters, obtaining a highly durable material as a result.

Warm texture. Providing a natural and pleasant sensation to the touch.

Sophisticated finish. Smooth and matt touch, the result of its mineral and resin composition.

Variety of shapes. Highly malleable material that adapts to the most varied profiles, angles and lines.

No visible joints. Surface with a homogeneous colour and a perfect finish in a matt tone, with no visible joints.

Hygienic. Zero porosity material, exclusive to Roca, that prevents the absorption of liquids and the proliferation of humidity and bacteria.

Repairable. Compact material that can be easily repaired and restored to its original appearance.

Sustainable. Composed of organic and 100% recyclable materials.

Cut to size. Easily adaptable to all types of spaces since it can be cut to size.

Fineceramic™

Lightness. Thinner walls that allow basins to be shaped with 40% less thickness.

Firmness. Innovative formulation creating parts that are 30% more resistant than conventional ceramic products.

Hygiene. 100% ceramic material with zero porosity vitrified enamel.

Durability. High resistance to abrasive products and ultraviolet light.

Supraglaze™

Supraglaze™ glazing prevents the buildup of dirt, ensuring maximum hygiene and easy cleaning.

Extremely smooth surface. Waterproof, shiny, smooth surfaces. Sustainable, less water and cleaning products.

Efficient cleaning. Allows any dirt particles to slide off and inhibits the buildup of dirt.

Beyond

Characterized by the interplay of volumes, this exclusive vitreous china collection pushes the boundaries of innovation and design.

Installation systems

Roca’s installation systems are meticulously designed to seamlessly fit into any bathroom. These space-saving systems offer adaptable features and a range of solutions, including silent flush and adjustable options to ensure effortless installation. Water-saving features are core to the design of all of Roca’s installation systems.

Water and energy-saving features are core to the design of all of Roca’s installation systems

Key Benefits

- Design.** Wide range of flush plates in different colours, finishes and materials. Small operating plates are also available.
- Resistance.** Perfect attachment to the wall and guaranteed static resistance of up to 882 lbs.
- Durability.** High performance flush valve with 200.000 actuation cycles guaranteed.
- Noise reduction.** Features noise-reducing components.
- Easy maintenance.** Easy plate assembly and maintenance with convenient access to the inside of the tank.
- Versatility.** For any type of installation, including fixation holes for wood and metal profiles. Smart toilet solutions available.
- Adjustable.** Easy height adjustment with a 0-8” brake system. Position and angle of outlet pipe can also be adjusted.
- Water saving.** Flushing volume is easily adjusted, various dual flush configurations and flow restrictors available.

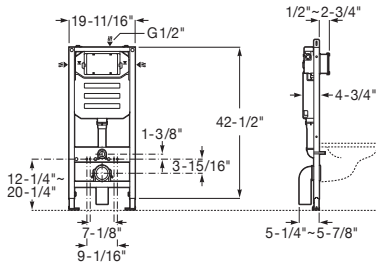

Finishes

- Matte colors.** Wide range of finishes matching other products.
- PVD finishes.** With a physical particle vaporization process that guarantees an elegant finish.
- Glass.** Flush plates with sophisticated glass finishes.
- Wood.** Oak finish to add a touch of warmth to the bathroom.
- Ceramic.** Black and white ceramic flush plates to match toilets, basins and bidets.
- Slate or concrete.** Nature’s raw beauty unleashed with slate and concrete flush plates.

Furniture Collections

With over 100 years of knowledge and expertise, Roca is Europe’s leader in the production and manufacturing of bathroom furniture. Using new technologies and innovative designs, including proprietary finishes, quality materials, and enhanced hardware solutions, Roca’s extensive catalog of bathroom furniture transforms the look and feel of any bathroom space. Furniture units that meet the highest standards in versatility, accessibility and style, with an ongoing commitment to sustainability and social responsibility.

Transform the look
and feel of your
bathroom space

Key Benefits

- Quality.** Exquisite finishes, innovative materials and fine elements such as solid wood or quartz.
- Styles.** Extensive catalogue of designs for every interior design project.
- Resistance.** High quality guides and hinges that guarantee 20,000 opening and closing cycles.
- Adaptability.** Diverse selection of sizes and typologies for all kinds of spaces and needs.
- Complementary products.** Large variety of base units, basins, mirrors, and spotlights.
- Comfort.** Soft close system for drawers and doors to avoid bangs and noises.
- Functionality.** Fully extractable drawers allow easy access to the interior space. Drawers glide smoothly and securely.
- Adjustable.** High-quality door hinges enable easy adjustments in terms of height, depth, or sideways positioning.
- Capacity.** Large drawers provide generous storage volume.
- Order.** Drawers with built-in dividers, hidden compartments and organising boxes that enable a more optimal distribution of the contents.

Mirrors and Lighting

Spotlights and mirrors with integrated lighting for a bright and balanced bathroom

Roca offers a wide range of mirrors with adjustable LED lighting in a variety of shapes and sizes for different styles. The technology allows the light intensity to be controlled. Roca’s modern and energy-efficient bathroom spotlights complement the mirrors and provide the right lighting to create a relaxing atmosphere or highlight specific areas of the bathroom.

Key Benefits

Design. Ample variety of round, square or rectangular options to match any style.

Technology. Mirrors featuring lights, demister device, adjustable lighting or perimeter lighting.

Technologies

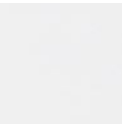

Naturlight. Models with high-efficiency LED technology to provide neutral and natural light.

Efficiency. Spotlights and mirror with LED lighting to minimise energy consumption.

Endless possibilities. The bathroom vanity collection that invites you to create a masterpiece tailored to your space.

*Vanity body only. Countertop/basin option, handles and feet must be ordered separately.

Step 2: select basin or countertop option

Option 1: Stonex™ basin

Maris Stonex™ basin with integrated countertop

| | |
|-----------------|-------------------|
| 24"x22" | A2W8038000 |
| 30"x22" | A2W8039000 |
| 36"x22" | A2W8040000 |
| 48"x22", single | A2W8041000 |
| 48"x22", double | A2W8042000 |
| 60"x22", single | A2W8043000 |
| 60"x22", double | A2W8044000 |
| 72"x22", double | A2W8045000 |

Option 2: Quartz countertop + Sofia undermount basin

Maris quartzstone countertop for Sofia undermount basin

| | |
|-----------------|-------------------|
| 24"x22" | A2C8001... |
| 30"x22" | A2C8002... |
| 36"x22" | A2C8003... |
| 48"x22", single | A2C8004... |
| 48"x22", double | A2C8005... |
| 60"x22", single | A2C8006... |
| 60"x22", double | A2C8007... |
| 72"x22", double | A2C8008... |

*Only compatible with **A327726004** Sofia undermount basin

Sofia vitreous china undermount basin for Maris countertop

| | |
|---------|-------------------|
| 19"x16" | A327726004 |
|---------|-------------------|

Step 3: select handles finish and optional feet

| | |
|------------------------------------|-------------------|
| Handle for 24", 30" and 60" vanity | A817019... |
| Handle for 36" and 72" vanity | A817020... |
| Handle for 48" vanity | A817021... |
| Vanity foot | A817022... |

*Handles are sold individually. Please order quantity required to match drawer number on your selected vanity.

*Feet are optional, only required for freestanding installation. Feet are sold individually, all Maris vanity dimensions require 4 feet for installation.

Sustainability and safety are integrated into every faucet

A perfect combination of precision technology and innovative design defines Roca’s bathroom faucets. Never before have there been so many possibilities – from color, shape, finish and size – designed to appeal to a range of tastes and styles. Sustainability and safety are integrated into every faucet; non-toxic, highly resistant finishes such as Everlux PVD allow for a long life span, while energy saving systems such as Cold Start and advanced faucet aerators limit and monitor water flow, giving each user peace of mind.

Key Benefits

- Durability.** Exclusive ceramic cartridge, which allows a soft and precise operation, with the guarantee of one million opening and closing movements.
- Water savings.** Latest generation of flow limiters to 1.2 gallons/min, regardless of the pressure system, with water savings of 60%*.
- Homogeneous flow.** Aerators with excellent aerated jet quality, even under complex pressure conditions. With anti-limescale protection for easy cleaning and maintenance.
- Adaptability.** Different heights for basin faucets to provide greater user-friendliness.
- Acoustic control.** Sound reduction system integrated in the cartridges and faucets to limit the noise of the water.
- Safety.** Protective filters included in the aerators that stop any particles coming through from the pipes.

Technologies

Cold Start

Energy savings. Faucet models feature Cold Start, cold water opening that guarantees energy savings of 45%*.

Finishes

Evershine

A high-quality chrome outer layer guarantees a permanent shine and makes cleaning easier.

Matt finishes

Polyester thermosetting powder coating based on polyester resins, resistant to external agents, UV radiation and corrosion.

Materials

Everlux

- Sophisticated.** Exclusive and fashionable coating that adds distinction and uniqueness to the bathroom.
- Sustainable.** Purely physical technique that does not require harmful chemicals or generate water pollution during its production process.
- Resistant.** Additional layer on top of the chrome, based on noble and very hard metals ensuring the surface is extraordinarily resistant to scratches and cleaning products.

*Based on annual savings for a family of 4, considering 2 minutes per day of toothbrushing and handwashing 5 times a day.

Insignia

Featuring an ergonomic design with organic lines and a slim side handle, this collection with elegant finishes adds a touch of sophistication to a bathroom space.

Bathtubs

The right bathtub can become the centrepiece of any bathroom space. A place to disconnect, soak and rejuvenate, bathtubs need to be both ergonomic and elegant, whether freestanding or inset. Roca bathtubs are crafted using a variety of materials, including cutting-edge components that enable slimmer and more curvilinear shapes. Additionally, they incorporate advanced features to enhance hygiene and ensure increased safety.

A place to
disconnect, soak
and rejuvenate,
bathtubs need to be
both ergonomic and
elegant

Ariane

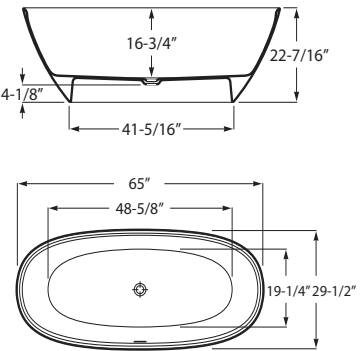

A Stonex™ bathtub with a symmetrical oval shape for greater comfort. With capacity for 2 people, Ariane reimagines the limits.

Bathtubs / Ariane

Oval Stonex™ freestanding bathtub. Includes click-clack waste, trap and integrated overflow.

Accessories Collections

Accessories are key components for a complete bathroom space. From wall-hung robe hooks to toilet roll holders or countertop soap dishes, there are many specific items with important functions in the everyday bathroom experience. Different collections offer a variety of designs including metallic or colour finishes, bringing a warm and tactile element to the bathroom space.

Accessories play an important role in enhancing the daily bathroom experience

Key Benefits

Styles. Innovative design in different styles and finishes.

Versatility. Wide range of products with countertop and wall-mounted models.

Dual installation. Installation kit with screws or adhesive included.

Quality. High quality and long-lasting materials.

Resistance. Resistant against abrasive products, extreme temperatures, and UV light.

Quick fix system. Swift and safe installation.

Sustainable. Designed with recyclable materials, packaged, and produced with minimum environmental impact.

Evershine. Long-lasting and polished chrome plating.

Easy to clean. No specific products are required for maintenance.

Finishes

PVD finishes. With a physical particle vaporization process that ensures an elegant, even and scratch-resistant finish.

Painted finishes. With highly resistant polyester resins and pigments that maintain color permanently.

Carmen

Metal ceramics merge in this vintage collection of accessories with a timeless spirit.
