

ORGANIZED BY RACE TO ZERO WASTE

ZERO WASTE FORUM

CIRCULAR STRATEGIES FOR LOCAL IMPACT

April 21-23, 2026 | Park City, Utah

Sponsorship Levels & Benefits

The Zero Waste Forum is an annual event hosted by Race to Zero Waste. It is the main event within a menu of local activities, which all take place in celebration of reducing waste. To bring zero waste resources to different audiences, the Zero Waste Forum moves annually to different regions across the US. The goal of the event is to coalesce community interest in waste reduction, foster relevant conversations, and provide supportive resources and access to expert voices that will help build partnerships and inspire action toward an equitable, accessible zero waste future.

In addition to the benefits below, your sponsorship includes opportunities to:

- Align with a mission-driven movement shaping the future of zero waste and circular systems.
- Show your leadership in sustainability through visibility in event programming, communications, and social media outreach.
- Participate in community and professional dialogues through curated sessions, panels, and/or custom activations.
- Support equity in storytelling by helping fund travel stipends and honorariums for community-based leaders.
- Strengthen circular solutions by engaging with partners, nonprofits, and businesses committed to bold, actionable change.
