

SECURITY ASSESSOR TRAINING PRE-ASSESSMENT QUESTIONS

Thank you for agreeing to co-host a NRA School Shield Security Assessor Training. As a host, your school has access to a free vulnerability assessment at the conclusion of our training. The content included in the report will encompass the observations our training participants documented while on your campus. Your feedback to the questions below will help us better tailor the hands-on portion of our training to target any areas you would like more information or guidance on so please be sure to highlight any areas of concern accordingly.

1. What concerns you the most about the overall state of school security in America?

2. Do you have an Emergency/Crisis Response Plan for your school? YES or NO

3. What would you consider the greatest risk to student and staff safety at your school?

4. What do you see as the greatest obstacle to improving security at your school, if any?

5. If you had access to unlimited funds, what projects and/or activities would you invest in to strengthen school security measures at your school?
