ABOUT DRC INVEST

DRC Invest attracts and facilitates private sector investment and provides strategic market entry support to businesses seeking to access the Democratic Republic of Congo (DRC) market.

"We can no longer afford to view economic development as the exclusive domain of government. The private sector must lead the way. The Congo2050 Business Council offers more than a mere group membership, it is a commitment to rebuilding trust, creating decent jobs, and ensuring that Congolese citizens feel the benefits of their country's immense wealth."

Ben Leyka, CEO, DRC Invest

ABOUT CONGO2050

Congo2050 is a strategic framework initiated by DRC Invest members in the private sector. Its aim is to establish the Democratic Republic of Congo (DRC) as a major economic force by the year 2050. It prioritizes business-led industrialization, digital transformation, and security to create a competitive investment environment, accelerate economic growth, and drive regional and global trade integration. The framework is built on six key pillars, with the private sector as the engine of implementation:

Private Sector-Led Industrialization & Infrastructure

Encouraging private investment in special economic zones (SEZs), smart cities, energy, and transport networks to boost manufacturing and trade.

Security & Business Protection (Physical & Digital)

Strengthening national security, cyber resilience, and investor protection to ensure a stable and predictable business climate.

Value Addition & Resource-Based **Industrialization**

Moving beyond raw material exports by incentivizing private investment in local processing, beneficiation, and sustainable resource management.

CONGO2050 6 PILLARS

Human Capital & Workforce Development

Partnering with businesses to invest in skills training, entrepreneurship, and technical education, ensuring a workforce that meets private sector demands.

Digital Economy & Innovation

Expanding fintech, AI, blockchain, and broadband infrastructure through private sector-driven technology adoption and entrepreneurship.

Regional & Global Trade Integration

Positioning DRC as a business-friendly hub for AfCFTA trade and international investment, facilitated by private-sectorled logistics, finance, and e-commerce expansion.

EXPECTED IMPACT OF THE CONGO2050

01

Improved investment climate leading to higher foreign direct investment (FDI).

Stronger

public-private

collaboration for

policy and

regulatory

improvements.

03

Increased economic diversification and reduced reliance on raw commodity exports.

04

Job creation and skills development for the Congolese workforce.

05

Greater regional and global integration of Congolese businesses.

Ease of Doing Business Ranking: Improve the DRC's ranking by reducing regulatory bottlenecks.

Increase in Foreign Direct Investment (FDI): Target \$10 billion in private sector investments.

SUCCESS INDICATORS & IMPACT METRICS

Trade Growth: Boost DRC's share in intra-African trade under AfCFTA.

ROLE OF THE CONGO2050 BUSINESS COUNCIL

The Congo2050 Business Council serves as a membership body fostering private sector engagement in the DRC's economic transformation. It facilitates collaboration among businesses, government, and international partners, ensuring the private sector actively participates in policy advocacy, investment promotion, and sustainable development initiatives.

HOW BUSINESSES CAN GET INVOLVED IN CONGO2050 STRATEGIC FRAMEWORK

Private sector engagement is crucial to the success of Congo2050, ensuring sustainable economic growth, industrialization, and job creation in the Democratic Republic of Congo (DRC). Companies already operating in the DRC, or those looking to enter the market, can participate in the framework in several key ways:
