

Greetings,

It's time to extend our invitation to you and/or your group to participate in the *NEW* Baldwin Windmill Days Parade (formerly June Bug Days). The parade is always the Saturday of the first full weekend in June, which makes this year's parade on Saturday June 6<sup>th</sup>, 2020 at 12 noon. We will be giving away prizes this year for Best Visiting Royalty, and Best Theme Incorporation with 'A Touch of Dutch'.

Enclosed you will find a copy of our parade expectations and a parade registration form. We ask that you have your form emailed or mailed to us no later than May 20<sup>th</sup>, 2020. Any entries received after that time are not guaranteed placement in the parade and/or will be late in the lineup.

Please make any special lineup requests at the time of registration so we can try to fulfill your needs. All parade participants will receive a registration confirmation letter with lineup information and other instructions approximately 10 days before the parade. Any requested changes after this time will be accommodated to the best of our ability but are not guaranteed. Please make sure to indicate on the form whether your float/unit will have music, we will do our best to spread out the music. Please keep the volume at a respectful level.

One thing to note on the registration form is a request for an email address. We are asking for this as an attempt to move to an electronic registration process next year. Please provide us with an email that will work for confirmation this year and registration next year, if they are different.

We look forward to seeing you this year and invite you to stay after the parade to experience the new and exciting events we will have. We would also like to thank you in advance for helping make our first Baldwin Windmill Days a success.

Sincerely,

Candi Phernetton and Carrie Krueger  
Baldwin Windmill Days Parade Committee
