

THE FLAME

Rev. Malcolm Monroe, Pastor

What time is it?

We ask and answer this question a multitude of times each day. We may not say the words, but we check the clock on the wall, the table, the computer and our phones regularly just to know. When our alarm clocks go off we intuitively know what time it is, but we look at the clock just to make sure. Time is supremely important. We have the moment; this moment and we need to value it because it is irreplaceable.

In Genesis, God establishes solar and lunar indicators for measuring time, the sun, moon and stars. What time is it? It is the right time. It is always the right time to do the right thing- no excuses and no exceptions.

Now listen, you who say, "Today or tomorrow we will go to this or that city, spend a year there, carry on business and make money." Why, you do not even know what will happen tomorrow. What is your life? You are a mist that appears for a little while and then vanishes. Instead, you ought to say, "If it is the Lord's will, we will live and do this or that." As it is, you boast in your arrogant schemes. All such boasting is evil. If anyone, then, knows the good they ought to do and doesn't do it, it is sin for them. James 4:13-17.

Let's all use our time wisely!

Blessings, Pastor Malcolm

Biblical Garden

THE OLIVE TREE

A tree so important that there are many references to it in the Bible. From Genesis 8:11 "And the dove came to him in the evening; and lo, in her mouth was an olive leaf. . . ." From Exodus 27:20 "And thou shalt command the children of Israel, that they bring thee pure olive oil beaten for the lamp." Other references are found in Matthew 26:36 and Judges 9:9.

John Wesley

rode far enough on horseback to
 circle the earth 10 times.

Wesley rode 250,000 miles!
 He was convinced that it was
 important for him personally to
 spread the gospel through
 relationships and continue to
 grow closer to God in those
 relationships.

When asked if he
 would consider
 walking instead
 of riding, he
 replied, "Nay."
