

Give your customers  
what they deserve.

### The Leland Vacuum Tumbler

You'll appreciate it. And so will your customers. Leland Southwest's Vacuum Tumbler will save you time and money by decreasing processing time and increasing product yield. Features include a unique, vertical design that makes loading and unloading a snap, a tumbling drum guaranteed not to crack and variable speed control. Constructed in 304 polished stainless steel, this Leland Vacuum Tumbler is designed for 10 to 125 pound batch sizes. Your customers will appreciate the range of new products and the improved quality of products they've enjoyed for years. Win new customers; surprise your old ones.
