

ESG Questionnaire — Healthcare

A sector-specific ESG assessment for hospitals, clinics, long-term care, and health systems to evaluate sustainability, equity, and governance performance.

ENVIRONMENTAL

SOCIAL

GOVERNANCE

Purpose: This questionnaire enables healthcare organizations to assess ESG maturity across environmental sustainability, social responsibility in care delivery, and governance accountability. This questionnaire contains **top 5 priority questions per ESG pillar** (15 total) carefully selected for the **Healthcare** sector. Completing this helps generate a tailored ESG report for your organization.

ENVIRONMENTAL

E - Q1

What is your facility's total annual energy consumption (kWh), and what is your strategy to transition to renewable energy sources?

Your answer here...

E - Q2

Does your organization have a formal healthcare waste management program (pharmaceutical, biological, sharps) aligned with regulatory standards?

Yes

No

In Progress
