- | | |
|---|--------------------|
| ○ Small outboard engines | \$85 |
| ○ 4, 6, 8 cylinder outboard | \$175 |
| ○ Replace water pump in lower unit (parts additional) | \$170 |
| ○ Change oil and filter / fuel filter (parts additional) | \$125 |
| ○ Add fuel stabilizer | material cost only |
| ○ Scan motor with computer diagnostic system / printout | \$125/motor |
| ○ Change lower unit oil and remove prop, grease spines and all fittings | \$125 |

****Flush engine, drain and run -100 antifreeze through engine, treat fuel and fog cylinders for storage.**

INBOARD / OUTBOARD STERN DRIVE WINTERIZATION

- | | |
|---|--------------------|
| ○ Gasoline engines per engine | \$225 |
| ○ Change oil and filter up to 6 quarts (synthetic additional) | \$145 |
| ○ Change fuel filters at | Time & Material |
| ○ Replace water pump in lower unit (materials additional) | \$175 |
| ○ Complete outdrive service (removal of outdrive, inspection of bellows and gimbal bearing and check engine alignment. Lubricate gimbal bearing, input shaft, universal joints, prop shaft and change oil in out drive) | \$245 |
| ○ Change Outdrive oil | \$145 |
| ○ Add fuel stabilizer | material cost only |
| ○ Scan motors with Computer Diagnostic System (includes print out) | \$125/motor |

WINTERIZATION SERVICES

- Diesel engines per engine \$300
- Change oil and filter / fuel filter Time & Material

Add fuel stabilizer to tanks, run engine on -100 antifreeze, fog the fuel delivery system and combustion chambers and coat the entire engine electrical system with CRC.

INBOARD ENGINE WINTERIZATION

- Gasoline engines per engine \$225
- Change oil and filter up to 6 quarts (synthetic additional) \$145
- Change fuel filters Time & Material
- Add fuel stabilizer (material cost only)
- Scan motors with Computer Diagnostic System (includes print out) \$125/motor
- Diesel engines per engine \$300
- Change oil and filter / fuel filter Time & Material
- Winterize generator \$120
- Generator - change oil and filter, fuel filter, spark plugs (parts additional) \$225

MARINE SYSTEM WINTERIZATION (includes all materials, -100 antifreeze)

- Hot and cold H2O systems – drain fresh water tank, pumps, all sinks, showers, hot water heater, and city water inlet, purge antifreeze through system \$250
- Cold water system – drain fresh water tank, pump, sink and Transom shower, purge antifreeze through system \$115
- Air conditioner – purge antifreeze through complete sea water cooling system of air conditioner \$75/compressor
- Head system – must be discharged \$125
- Live bait well \$40/each
- Fish box \$40/each
- Salt water wash down \$40
- Ice maker \$40/each
- Washer \$60
- Gear Oil \$11.25 Qt
- Fuel Stabilizer \$10.91 10 ounce bottle
