## ZILLOW 5 STAR REVIEWS

Bryon helped me buy and sell my condo. In an industry where you cannot place a high enough value on a realtor's honesty and integrity, Bryon is one of a kind! He's a realtor that will patiently search for what you want, and he'll make your success his priority. Those are valuable assets when your spending \$500k+ and taking on 30 years of debt! - Andrew C.

I can't recommend Bryon Self highly enough! I was relocating to Colorado Springs and Bryon took so much time driving me around to learn the area. He was patient and well informed while showing and re-showing me every property I had interest in. Bryon was friendly, smart, thoughtful, and extremely knowledgeable about properties and negotiation. What else could a client want? Bryon made the entire process enjoyable. - Nichole D.

Bryon was an excellent realtor who always made himself available to show us houses on short notice. He truly puts his client's interest first and offers trustworthy advice based on many years of experience. He is very knowledgeable of both the lending and home searching side of the process and always answered any questions I had. I would recommend Bryon for anyone who is looking to buy or sell their home! - Eric U.

Bryon was a pleasure to work with. He was always there when we needed answers. Very professional and made us feel like he truly cared. Thanks for the amazing experience! - Chris S.

Bryon is a top notch agent and one of the best I have worked with over the years hands down. He listens to what you are looking for and actively takes a partnership in your home search. He is extremely knowledgeable about the local market, inventory and neighborhoods. His deep experience and network of contacts make him an invaluable ally in the tough Denver real estate market. - Sam D.

Bryon is simply a fantastic realtor and a great human being. He helped guide us through our first home purchase and was able to answer practically all of the many first-timer questions that we threw at him, from day 1 to close, quickly and confidently. Bryon's recommendations proved to be both valuable and insightful at every step--especially when it came to finding a good lender that would work with my sub-optimal credit and still get us the best deal we were likely going to find anywhere. He has a great professional network and seemed to be known and well-respected by everyone we encountered. I would not hesitate to work with Bryon again and highly recommend his services. - Jason R

Bryon helped me buy my first house. He went above and beyond what I thought a Real Estate agent did for their clients. I would highly recommend anyone looking at buying a house or condo to Brian as we looked very hard for 2+ months. I was thinking I could only afford a condo but he found a lovely 3 bedroom house for me that was in my price range. Again Brian is a highly motivated Real Estate agent that I will trust can find my new home and sell my current one, and will call him when that time arrives. - David A.

Bryon helped negotiate a difficult deal for me, we also had some unusual circumstances that delayed our deal for months. He stuck with the entire process and in the end, we came out ahead. - Tedd N.

Bryon Self is an outstanding Real Estate Agent. He helped us find our forever home in a very challenging market that had very little inventory ! He is an expert in Home Buying/Selling in the Denver Area and he specializes in Lease Option/ Rent to Own Properties, as well. We recommend him very highly! - David & Wendy P.
