- The puppy is guaranteed to be in good health at the time of pick up. They will be up to date with their shots, de-wormed, and will have been vet checked and deemed in good health.
- The breeder offers a 12-month health guarantee against any congenital defects, starting from DATE and ending (DATE)
- The buyer, at their own expense, agrees to have the puppy examined by a Licensed Vet of their choosing within 72 hours of receiving the puppy.
 - ❖ **Verification of the exam must be provided to Great Plains Frenchies within 72 hours of the visit. Documents must include the date, name and contact information of the veterinarian, and the buyers name.**
 - ❖ **Documents can be sent via email at greatplainsfrenchies@gmail.com by the buyer or the vet directly.**
- If any genetic health issues should occur, the puppy will be returned to the breeder and a puppy of the same value will be provided when one is available. In the case the puppy has past away, the body must be maintained for verification and the puppy will be replaced with one of the same value when one becomes available.
- A licensed vet must also verify that the diagnosis or death occurred due to a genetic defect. Great Plains Frenchies reserves the right verify any medical findings through a licensed veterinarian of our their choosing within 72 hours of your claim, at the sellers expense. Denying us the right to verify will void this agreement.

- The seller has up to 9 months to replace the puppy or refund the total purchase cost if unable to produce a puppy of equal value. Seller is not responsible for any costs associated with medical expenses. Verification from a licensed veterinarian along with supporting documents such as x-rays, lab tests, or autopsy reports must be submitted within 48 hours of the diagnosis or demise of the puppy to be eligible for reimbursement.
- The buyer must maintain proper care of the puppy and be prepared to present documentations of required vaccines and preventative treatment should a genetic health issue should occur. The inability to provide these documents at the said time will void this agreement.
- This breed is prone to the following common defects which are not considered genetic or hereditary and are not covered under this agreement; cherry eye, chronic skin issues, stenotic nares, and elongated palates, Hip and/or joint issues, and other non-hereditary defects. This guarantee does not cover any health issues caused by neglect or injury from the buyer. This guarantee does not include minor illnesses and health issues such as colds, allergies, internal or external parasites or communicable diseases.
