

Stronger Together NFP | P.O. Box 507, Graniteville, SC | 803-341-6533

Resident Community

At Stronger Together, we believe that healing happens in community. Our residents play an active role in shaping the environment they call home—participating in meal preparation, contributing to household responsibilities, and sharing in living expenses to foster accountability and independence. Each resident has a voice in who they live alongside, helping to create a supportive and intentional living dynamic. Through weekly community meetings, residents are encouraged to communicate openly, build trust, and grow together. With shared access to common spaces, our homes are designed to promote connection, mutual respect, and a true sense of belonging.

Please sign that you are willing to cultivate community with us in the program, and understand what we want to grow together!
