

QUESTIONS TO ASK WHEN INTERVIEWING A THERAPEUTIC CONSULTANT

How long have you been working as a therapeutic educational consultant?

What related experience do you have to the work you're doing now? What is your training and education?

What contract options do you offer (term, hourly, per placement)? What services are included and/or extra?

What client profiles do you specialize in? Do you have rule outs? What types of placement recommendations do you make?

How do you stay up-to-date on program and school options? Do you visit programs in person? If so, how often?

What is your process and communication style? Do you meet with your client?

Do you ever receive compensation from a school or program in exchange for a referral? Do you own another business in the treatment field?

What professional organizations are you a member of? What does the association require of members? What added value do those memberships provide?

What are some ways you can serve as an advocate for my child / young adult and our family?

What is your involvement in insurance coverage and/or reimbursement?
