

## Registration Process Revised (3/2/22):

The previously published process was a 2 step process that required signing up for Pickleball Membership and then signing up for Pickleball activity. This process was revised by the town on 3/2/22. Going forward, the process for signing up for pickleball is now 1 step, sign up for Pickleball Membership only.

Once on the registration web site

The screenshot shows a web browser window with the URL [dennisrecreation.activityreg.com/ClientPage\\_t2.wcs](https://dennisrecreation.activityreg.com/ClientPage_t2.wcs). The page features the Town of Dennis logo and social media icons for Instagram and Facebook. A blue navigation bar contains links for Home, Register, Information, Account, and Cart (0), with the Login link circled in red. Below the navigation bar, a large green button labeled "Pickleball Membership" is circled in red. Other buttons include "Pickleball Clinic Sign Up", "Facility Reservations", and "Activity Registration CLICK HERE".

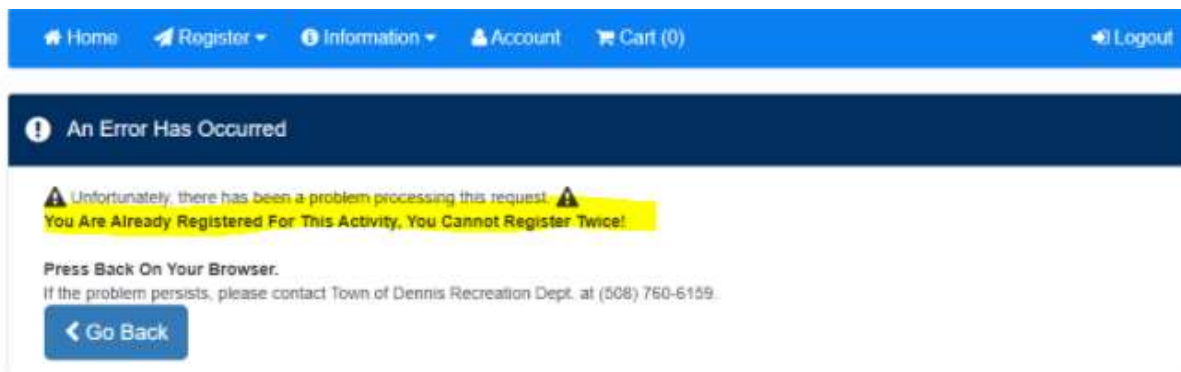

- Log into your account, or create one if you don't have one already. (If you registered in the past, you will have an account.)
- Select “Pickleball Membership”
- Members will need to upload a photo to complete the membership registration process
  - Note: you can use a photo with more than one person in the photo , the upload process will identify faces and allow you to select the individual face you wish to use for each member. A separate upload process is required for each additional family member. This process is helpful vs trying to crop photos manually as the process has photo size requirements.
- Check out and submit payment by check or charge card. You can create an account with the Payment service or Pay as “guest”

You should receive confirmation emails for registration and payment as seen below: (please check your Spam or Trash folder)
