Harbour Town, Hilton Head Island**

Must Love Dogs House Policies

**NOTE: Sea Pines and Hilton Head Island businesses
“ARE ALL VERY DOG FRIENDLY”**

Dear Guest with a family member who is a doggie. Elaine and I love dogs and want you to have your special family member with you during your stay with us in our beautiful condo.

As we have neighbors and we respect their peace and quiet, we must impose the following rules when it comes to allowing you to have your doggie with you on vacation:

- 1. Please do not ever leave your doggie alone in the condo unless confined to crate and crate trained. Never confine doggie in any room, especially bathrooms.**
- 2. By signing below you agree to Sea Pines Security mitigating a disturbance in the condo due to doggies left alone barking or scratching uncontrollably as reported by neighbors.**
3. Please be sure to pick up after your pet when they do their business outdoors.
4. If there is an accident in the condo, please let us know so that we may shampoo or deep clean the area as soon as possible in order to distract any further doggies from sniffing this out and thinking its ok.
5. Please do not bathe doggie in our tub as our pipes are older and can not take any excess hair that may be expelled during the bath. There are great bathing places in the area listed below under “Kennel and Grooming”.
6. Lastly, if at all possible, please keep doggie off our furnishings and bedding, although this is tough to do sometimes, it is so appreciated in our special accommodations.

Please sign below acknowledging your acceptance of the above House Policies:

Guest: _____ Date: _____

Further information regarding above policies: As our neighbors are all aware we accept pets in our rental accommodation, they are not ever hesitant to contact us in the event there is a constant barking dog or scratching/commotion caused by a doggie left alone. We can be fined by our HOA for this event. Sea Pines security is very diligent about our peace and quiet, especially after 10 pm. They also will approach you if doggie is off leash or his business is not collected when completed. Thank you so much for your consideration.
