

Frequently Asked Questions

1. Do you work with all couples?

Absolutely.

Plan Perfect proudly celebrates **all forms of love**.

I welcome and support couples of every background, including:

- LGBTQIA+
- All races and cultures
- All religions, mixed-faith couples, and non-religious couples
- Traditional, modern, unconventional, and uniquely personal weddings

If you're in love and excited to celebrate your story, I'm honoured to plan it.

2. What wedding planning packages do you offer?

I currently offer 2 core services and optional add-ons:

- **On-the-Day Coordination** – ideal if you've planned everything and need a professional to run the day flawlessly.
- **Full Wedding Planning** – complete planning from start to finish.
- **Extras** – includes engagement party, bridal/bachelor events, plus everything in the full planning package.

Each package is tailored to your needs, and custom add-ons are available.

3. How far in advance should we book you?

As early as possible, especially for peak season (September–April).

Full planning clients typically book **12–18 months** in advance, and on-the-day client's book **3–6 months** ahead.

If your wedding is sooner, still reach out — I take last-minute weddings where possible.

4. Do you work with preferred vendors, or can we choose our own?

Both!

I have a trusted network of talented photographers, florists, décor specialists, and musicians, but you are always welcome to choose your own suppliers.

I'm happy to guide and vet any vendor you're considering.

5. Will you be there on the wedding day?

Yes, without fail.

I am on-site **from setup to the final send-off**, coordinating every detail so your day flows smoothly.

If needed, I bring an assistant for larger or more complex weddings.

6. Do you offer payment plans?

Yes.

Full planning packages are typically paid in **stages over the planning period**, and on-the-day coordination requires a deposit with the balance due shortly before the wedding.

7. Can you help with wedding design and styling?

Absolutely.

Every full planning package includes bespoke mood boards, colour palette guidance, décor concepts, stationery direction, and assistance with the overall aesthetic to bring your vision to life.

8. Do you travel for weddings outside Stellenbosch?

Yes!

I happily plan weddings anywhere in the Western Cape, and I am available for destination weddings throughout South Africa.

Travel fees apply depending on location.

9. Do you manage RSVP lists, guest travel, or accommodation?

I provide guidance and support, but these elements remain the client's responsibility. However, I can assist with recommendations, templates, and planning tools to help streamline the process.
