Joining After the Season Begins

Our dance season runs August through May. Families enrolling at the beginning of the season may divide their annual tuition into 10 equal monthly installments.

Students enrolling September through December are still enrolling in our full-season program. Annual tuition will be divided equally among the remaining monthly installments through May. Enrolling later in the season does not reduce the annual tuition obligation.

For example, a 1-hour weekly class has annual tuition of \$670:

- August enrollment — 10 installments of \$67
- September enrollment — 9 installments of approximately \$74.44
- October enrollment — 8 installments of approximately \$83.75
- November enrollment — 7 installments of approximately \$95.71
- December enrollment — 6 installments of approximately \$111.67

Beginning January 1, new enrollments will qualify for our Late-Season Tuition Rate. Late-season tuition is based on the remaining portion of the dance season rather than the full annual tuition. Rates will be provided at the time of enrollment based on class length, and enrollment date.

Important Tuition Information

Tuition reserves your dancer's place in their class for the season and is not based on the number of classes held or attended in a particular month.

The earlier a dancer enrolls, the more monthly installments are available to divide the annual tuition. **Waiting to enroll does not reduce full-season tuition for enrollments completed August through December.**

Premium fees apply to weekend classes. Please contact us for details.

Pay-in-Full Discount: Families paying their annual tuition in full are eligible for a 10% discount.
