POSTMORTEM EXAMINATION OR AUTOPSY CONSENT FORM

This form **MUST** be completed by the person authorized to give consent to a postmortem examination or autopsy before such procedure can be conducted [CCP Art. 49.32].

This form IS NOT required if an autopsy is ordered by a Justice of the Peace or Medical Examiners as part of a death inquest or ordered by the Texas Department of Criminal Justice under Texas Government Code §501.055 [CCP Art. 49.31].

Persons Authorized To Consent to Postmortem Examination or Autopsy

Consent for a postmortem examination or autopsy may be given by any following persons, who are reasonably available, in the order of priority listed:

- the parents of the decedent; and
- the adult siblings of the decedent.

If there is more than one person of the same relation entitled to give consent to a postmortem examination or autopsy, consent may be given by a member of the same relationship unless another person of the same relationship files an objection with the physician, medical examiner, justice of the peace, or county judge. If an objection is filed, the consent may be given only by a majority of the persons of the same relationship of the class who are reasonably available. An example of this would be multiple surviving adult children.

If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

A person may not make an anatomical gift if, at the time of the decedent's death, a person in a class higher than them is reasonably available to make or to object to the making of an anatomical gift.
