

American-made products, delivering a better tomorrow!

MODEFI

Capabilities Statement 2025

ModEFI is a trusted provider of high-quality, innovative solutions designed for the unique needs of traveling soldiers and correctional facilities. We specialize in the manufacturing and supply of essential personal care and restroom products, ensuring reliability, durability, and compliance with industry standards. Our mission is to deliver efficient, cost-effective solutions tailored to support the demanding environments of military personnel and correctional institutions.

Core Competencies/ Service:

- Manufacturing and distribution of personal care products.
- Production of specialized restroom and hygiene products.
 - Customizable solutions to meet the needs of military and correctional facilities.
 - High-volume production capabilities with strict quality control.
- Logistics and supply chain management for government and institutional contracts.

Differentiators:

- ✧ Extensive experience in servicing military and correctional facilities.
- ✧ Commitment to high-quality, durable, and secure product offerings.
 - ✧ Scalable production to meet bulk order demands.
 - ✧ Competitive pricing with cost-effective solutions.
- ✧ Compliance with military and correctional industry standards.
- ✧ Proven track record of reliability and customer satisfaction.

Past Performance:

Successfully supplied personal care and restroom products to military bases and correctional facilities

Strong partnerships with government agencies and institutional buyers

Efficient fulfillment and on-time delivery of large-scale orders
