

BIOLOGICAL LIMESCALE REMOVER

PRODUCT INFORMATION SHEET

Clean with the Power of Nature

Concentrated biological cleaner suitable for hard surfaces (toilets, tiles, glass, ceramics, etc.). Removes heavy limescale on shower doors and walls. Efficient in removing limescale, dirt and stains. Provides deep cleaning. Best results with repeated use. Also suitable for daily use. 100% natural, organic and vegan product with many eco benefits. Fully biodegradable.

The mission of EQS is to provide cleaning & personal hygiene products that contain no chemicals of high concern and are a green substitute for the existing polluting and irritant products on the market. EQS is committed to harnessing the power of nature to provide a deeper, more sustainable and non-toxic clean, and leveraging advances in bio chemistry and biotechnology to reduce the environmental impact of the consumer cleaning products industry.

Professional cleaners are always looking for the most efficient way to *clean smarter, not harder*. EQS Limescale Remover is the "lesser evil" of all limescale removers. Most products use HCL acid to remove limescale, a toxic chemical if inhaled. Our product contains only food grade ingredients, is safe for the environment and, most important, it effectively removes heavy limescale on shower doors and walls.

SIZE	500 ml / 1 ltr / 5 ltr
MATERIAL	500ml PP bottle with spray cap 1 liter PET bottle with screw cap 5 liter liner in cardboard box
INGREDIENTS	Aqua Food-grade acids and preservatives (E270), (E330) Amphoteric surfactant (biobased) Parfum
NORM SDS	ISO 11014-1
STORAGE -TEMP	5°C < 25°C
DILUTION	Ready to use
EXPIRY DATE	The shelf life of the product is 12 months after production in closed packaging and 4 months after opening.
PHYSICAL STATE	Liquid

Biobased Product

Products made from renewable resources & composed wholly or significantly of biological ingredients – renewable plant, animal, marine or forestry materials. In addition to facilitating increased energy independence by reducing the use of petroleum in manufactured products, use of biobased ingredients helps to reduce the introduction of fossil carbon into the atmosphere, thus mitigating potential climate change impacts.

PROPERTIES

100% Natural, Eco-Friendly & Bio-Degradable. Contains only food grade ingredients. Laboratory and in-situ tested. Free of SVHC and VHC chemicals (Free of endocrine disruptors, PBT & vPvB, PMT & vPvM substances, pesticides, bleach, chlorine, phosphates, volatile organic compounds VOC). Free of palm oil. Free of dye.

SUGGESTED USE:

Spray on the surface, allow 5 min. to dissolve limescale, then wash off. The product may not be effective in the presence of other agent containing chemicals such as chlorine bleach or pesticides. Use undiluted.
