

E+ Extended Range.
Expanded Opportunities.

Indoor Door/Window Contact

Unlock new business potential with
E+ Extended Range sensors by 2GIG[®]

The E+ Indoor Door/Window Contact sensor now has 900MHz spectrum as part of the new line of E+ Extended Range sensors. The E+ series provides expanded, reliable security coverage to large, multi-level homes and light commercial facilities, bringing peace of mind to clients and new business opportunities for integrators. Enhancements to the new sensors include increased battery life, two-way encryption for enhanced security, and a user-friendly enrollment process that lowers installation time and reduces truck rolls.

E+ SERIES WORKS WITH
2GIGEDGE[™]

2GIG-DW10E-900

Indoor Door/Window Contact

SPECIFICATIONS

Transmitter Frequency	904MHz - 922MHz
Compatibility	2GIG EDGE Panel (FW 1.3 or later is required)
Code Outputs	Alarm; Alarm Restore; Supervisory; Low Battery; External Alarm; External Restore; Tamper; Tamper Restore
Supervisory Interval	70 Minutes
External Input	Accepts NC or NO dry contact devices
Magnet Type	Rare Earth
Magnet Dimensions (L x W x H)	2.42" x 0.58" x 2.42" (6.1 x 1.47 x 6.1 cm)
Sensor Dimensions (L x W x H)	2.42" x 1.07" x 0.58" (6.1 x 2.7 x 1.47 cm)
Weight	1.24 oz (35 g)
Housing Material	ABS Plastic
Operating Temperature	32°-120° F (0°-49° C)
Relative Humidity	5% to 90%, Non-condensing
Batteries (Installed)	One CR 2450 Lithium Battery
Certification	ETL, FCC, Industry Canada

FEATURES:

- **Extended Range** with up to 2km* with **900MHz** spectrum
- Thoughtful design and seamless fit with a pre-included spacer, enabling more door and window applications
- Rounded outer with square interior enables accurate installation, for optimized installer experience
- Battery life of up to 8 years, reducing frequent replacement and truck rolls
- Two-way encrypted communication for enhanced security and reliability
- Supports external Normally Open or Normally Closed input

*Range can vary depending on building materials

E+ SERIES WORKS WITH

2GIG EDGE™

E+ Extended Range sensors offer more extensive security coverage for larger residential and commercial properties to keep clients feeling secure. With sleek, modern designs that seamlessly integrate into any environment, the E+ series includes indoor and outdoor contact sensors, and motion, glass break and smoke detectors. Paired with the innovative 2GIG EDGE™ panel, this smart security solution combines versatility, innovation, and reliability.

ADDITIONAL E+ SENSORS:
