SERVICES

Uniformed Security Guards

In this world which is becoming very unpredictable day by day & where the basic fabric of our society is very rapidly changing, the reason being the influx of strangers into our societies, which is raising alarm bells amongst the various government agencies. Though at macro level it's the responsibility of Government agencies to provide security to all its citizens but at micro level it has to be individually dealt with. Thus the need to have private security system was never as important before as it is now days thus in today's world having a private security guard is a necessity rather than a status symbol.

We at vigil 24X7 are from last so many years providing trained, reliable, trustworthy, committed, & well experienced security personnel to various corporate, industrial establishments, educational institutions & housing societies. We being amongst the top notch & professionally managed security service provider in NCR is capable of providing you with all your security-related needs. So don't wait, hand yourself into the safe & experienced hands of vigil 24X7.

SUPERVISION

Supervision is the key to effectively implement and ensures the success of any security system. For this we employ a three-tier system comprising of strong operational teams of dedicated managers, inspectors and patrol supervisors who are on constant checks on our assignments and security personal, on the site itself. A round the clock control room further monitors this integrated approach.

Event Security & Crowd Management Services

Overview

We specialize in event security management, covering some of the largest venues and events in India, including major conferences and national exhibitions. With number of branch offices across metro cities, we can provide a local service on a national basis.

Services

At every stage of your event, Vigil Event Security Management Services can provide support, including site layout, risk assessment, event setup, stand construction, traffic management, door security, bag searches, incident and conflict handling & VIP protection.

Team

Vigil Event Security Management Services have professionally trained security officers in all forms of security and are experienced in working at many exhibition centers across India, for consumer events that expect a particularly large visitor attendance, a QRF team (quick reaction force) is a sensible addition. This team is run by a manager or senior supervisors who all are trained in conflict management, so that in the event of any possible unlawful incidents occurring, they have the training and experience to deal with them.

Executive Protection

We identify, assess and control and mitigate risks for high net worth individuals and undertake contingency planning to mitigate worst case scenarios by creating the time saving strategies and logistics right from the Arrival at the airport -Hotel –Meetings -Seminars -local sightseeing –shopping etc.

The most important role we play is at the time of natural or manmade Disaster and we work on Evacuation procedures in an eventuality of the occurrence of a contingency.. During the clients stay at the location we make them feel safe and secure with our meticulous planning and execution of the entire itinerary.

Once you have an agenda or itinerary we execute the same in terms of planned logistics - operations keeping in mind your safety and security while you're working. We take over your headache and pressure so that you can save your valuable time and focus on more important things.

We use well-trained and specialized security personnel to partner with you. They are generally between 30 to 45 years of age; typically a mix of youth and experience who are
