

Cruelty Free Policy

Here at Suds we are against animal cruelty. As a result, as well as never testing our products on animals, here are several other ways we stay cruelty free:

- Our supply chain is monitored regularly to ensure all raw ingredients are vegan and cruelty free
- Our range will stay vegan throughout
- We will never ship to China
- We do not import raw ingredients from China
- Only vegan cleaning products are used to clean the Suds kitchen
- The tools used to make Suds products are washed only in vegan cleaning products

If you have any queries or concerns about any of our products or suppliers, please get in touch via email at sudsmk@yahoo.com where we aim to respond to your query within 2 working days.
