For your \$200.00 reservation fee to be accepted, please agree to the following terms:

The deposit is refundable, but once the puppy is six weeks old, the deposit is non-refundable.

The breeder will first pick up all the puppies in every litter. The buyer understands this & will be respectful & Patient with this process.

The order of picking is determined by order of birth in which the deposits are received. Typically picking begins 24 hours after they are born, and the buyers have up to 4 weeks to choose their puppy.

As the breeder, the buyer understands that I cannot guarantee the puppies' color or gender. The buyer understands that adult sizes are only estimated based on the breeder's experience.

If what you want isn't born or is picked by a family above you, can move your deposit to another litter.

Once puppies are born, I will contact each family. I will show them all the puppies and keep them updated on momma and puppies. I will send photos of your puppy twice a week until the puppy goes home.

After reaching out three times and the buyer has yet to respond, I will wait two weeks. Then after two weeks you still don't respond, you will be dropped off the reservation/ waitlist.

By signing your name below, you agree to Little Golden Farm's terms and conditions regarding the non-refundable reservation fee.
