PicoCooler Vision

Enjoy everyday essentials through a conveniently smart cooler.

Let consumers access the products they need almost anywhere.

Users can purchase fresh food, tasty snacks, delicious beverages, and more! PicoCooler Vision is a secure smart cooler unbound from traditional vending machine spirals. Powered by AI product recognition technology, they simply pay, grab and walk away. It's that easy.

Enjoy more products
Give them the essentials they want and need. With adjustable shelves, we can stock salads, sandwiches, smoothies and other in-demand items.

Secure access
PicoCooler Vision is only accessible when payment is provided - eliminating concerns for theft.

Attractive design
PicoCooler Vision's sleek design and compact footprint means it can fit virtually anywhere - lobbies, breakrooms, fitness areas, and more.

Effortless checkout
Checkout is as simple as pay, choose, and enjoy. Through the app, repeat buyers can even enjoy rewards and special promotions!

Create a more convenient space.
