

# A smart cabinet for on-site convenience.

Provide residents access to essential items through a secure smart cabinet

Create convenient, on-site access to fresh food, tasty snacks, delicious beverages, and even essentials like paper towels, laundry detergent, and more! Stockwell is a secure smart cabinet utilizing dual-climate zones to stock in-demand items. Powered by AI product-recognition technology, consumers simply pay, grab, and walk away. It's that easy.

## On-site essentials

Give your residents the products they need. From food and beverage to pantry and toiletries, residents can purchase what they need without the hassle of a last-minute grocery run.

## Secure access

Stockwell only unlocks when residents issue payment, which eliminates concerns for theft.

## Sleek design

Stockwell's attractive design and compact footprint attracts and engages residents. Plus, it can meet your residents virtually anywhere - lobbies, rec rooms, fitness areas, and more.

## Easy checkout

Using Stockwell is as simple as pay, choose, and enjoy. Pay via credit, debit, or mobile wallet. Or download the app to enjoy rewards and special promotions!

Bring convenience to your residents.
