AMERICAN COLLEGE of CARDIOLOGY | California CHAPTER

Los Angeles Society of Echocardiography

Invites you to attend a meeting discussing:

Beyond The Bull's Eye: The Unexpected Role of Echocardiography in Cardiac-Oncology

Speaker:

Eric H. Yang, M.D., FACC, FASE, FAHA

Clinical Professor of Medicine
Director, UCLA Cardio-Oncology Program
Associate Program Director, UCLA Cardiovascular Diseases Fellowship Physician Lead,
UCLA-Westwood Outpatient Clinic Operations
Division of Cardiology, Department of Medicine
University of California, Los Angeles

Target Audience: Physicians (Cardiologists, Radiologists, Anesthesiologists) and Sonographers.

Learning Objectives:

1. Recognize the diverse cardiovascular manifestation of contemporary cancer therapies beyond conventional cancer therapy-related LV dysfunction.
2. Identify Echocardiographic findings that influence diagnosis and management of challenging Cardio-Oncology presentations, including cardiac masses, malignant pericardial disease, valvular abnormalities and acute cardiovascular deterioration.
3. Integrate Echocardiographic findings with clinical presentation and complementary cardiovascular imaging to guide risk assessment, therapeutic decisions and longitudinal monitoring in patients undergoing cancer treatment.

Thursday, November 12th, 2026

West Los Angeles VA Medical Center
11301 Wilshire Blvd- ground level Room 1281
Los Angeles, CA 90073

or Via ZOOM
Registration require for Zoom:
