- 2.2 Any player who has played professional sports shall be ineligible to participate in that sport for one (1) year after his last day as a member of a professional team. This rule shall not conflict with the AABC rules in baseball.

Note: The protesting individual(s) bear the entire burden of proof regarding a player’s participation as a member of a professional team. The T.A.A.F. state commissioner has the final authority to accept or reject the protesting individual(s) proof.

- 2.3 Meets all team qualifications in MOP Article 4.
- 2.4 Does not play under an assumed name.
- 2.5 In order to compete in any T.A.A.F. play, a foreign player must reside in the state of Texas continuously for a minimum period of one (1) year prior to being eligible to play.

Exception: Men’s and women’s fast pitch foreign softball players’ eligibility will be determined by the national governing body of softball. To be eligible to participate in T.A.A.F. softball, a copy of any document required to be on file by the NGB for softball must also be filed with the T.A.A.F. state office. The same filing deadline applies for the NGB and T.A.A.F.

- 2.6 An adult player may play on more than one team within a region, but must choose one team as his/her own prior to T.A.A.F. championship play.
 - .01 No player may be on more than one roster, in a T.A.A.F. division, during T.A.A.F. championship play (region and state tournaments).
 - .02 A player must be on the sports roster by the deadline state in the participant guide.
- 2.7 A player forced to transfer from one region to another by his employer may participate in the new region providing the player has been employed by the firm for at least one (1) full year prior to the transfer and the player remains employed by the same firm.
- 2.8 Individual sport participants must reside in the state of Texas.
- 2.9 The team or individual attempting to qualify for state competition must attempt to qualify through the regional qualifier of the region in which they are registered. No participant in an individual sport or a team in team sports may attempt to qualify through more than one city, region or affiliate. Should any team or individual be discovered in violation of this rule, he/she/they shall be disqualified from that sport for that year.
- 2.10 Any region competition must take place within the established boundaries of the assigned region. If it becomes necessary to host a region competition outside of the designated boundary, prior written consent is required by the region in which the event is being held.

- b. Caps: Swimmers may wear any cap as long as the design, images, or words are not offensive or inappropriate as determined by the State Commissioner and/or Head Meet Official

.02 T.A.A.F. Swimming uses the NFSHS protocol for starting races.

- a. The starter/referee signals the swimmers with a series of short whistles to approach the blocks and prepare to swim; followed by the announcer or starter/referee announcing the event/distance/heat.
- b. When all swimmers have approached the blocks, the starter/referee blows a long whistle for the heat to step up on the blocks for forward starts, or enter the water for backstroke starts, and take their preparatory position.
- c. Once all swimmers are in their preparatory position, the referee turns the heat over to the starter.
- d. The starter says, "take your mark."
- e. If a swimmer does not respond promptly to the "take your mark" command, the starter shall immediately release all swimmers with the command "stand up," upon which the swimmers may stand up or relax.
- f. When the swimmers assumes the correct starting position, and are motionless, the starter activates the starting signal.

.03 T.A.A.F. Swimming uses the following 'false start' protocols:

- a. For ages 10 & under: one false start is allowed. At the initial start, the heat is recalled if any swimmer is observed prior to the start signal. The initial false start is charged to the heat. The starter shall restart the race upon signal from the

referee. If the referee independently observes and confirms the starter's observation that a subsequent violation occurs, the race shall continue without recall. The swimmer(s) who committed the subsequent violation shall be disqualified upon completion of the race.

b. For ages 11 & over: swimmers starting before the starting signal shall be disqualified if the Referee independently observes and confirms the starter's observation that a violation occurred. Swimmers remaining on the blocks shall be relieved from their starting position with a "stand up." The race is restarted upon signal from the referee. If the starting signal is given prior to declaring the disqualification, the race shall continue without recall. If the referee independently observes and confirms the starter's observation that a violation occurs, the swimmer(s) who committed the violation shall be disqualified upon completion of the race.

c. If the recall signal is activated inadvertently, there is no false start and the starter will restart the race upon signal by the referee. If a false start was caused by the swimmer's reaction to the "stand up" command, no false start is charged.

d. A swimmer is not disqualified for an illegal starting position at the start of the race if the race is permitted to proceed. Enforcement of the correct starting position is the responsibility of the starter.

- .04 The State Commissioner or Meet Director shall approve all finish times and has the authority to adjust the finish times due to problems associated with the electronic timing system, touching the electronic touch pads, and/or manual times.
