INTERNATIONAL POST-PUNK TRIO BREAK TO BROKEN RELEASE SOPHOMORE ALBUM *THE HOPE EXPERIMENT*

12-Track LP Available Worldwide Across Digital Streaming Platforms & Limited Edition Transparent Green Vinyl via 4 Indie Labels

AUGUST 14, 2026 — International post-punk trio **BREAK TO BROKEN** have released their highly anticipated second full-length album, *The Hope Experiment*. The 12-track LP is available worldwide across all major digital streaming platforms, accompanied by a physical release on limited-edition transparent green vinyl distributed through a cross-continental alliance of independent labels.

Following the advance single "Over & In," *The Hope Experiment* showcases the band's most cohesive, sonically expansive, and emotionally direct work to date. Recorded and produced across the US and Australia, the album stands as a defining statement for a band connected by artistic commitment over proximity. The 12 tracks seamlessly balance raw, driving post-punk urgency with refined songwriting, dynamic arrangements, and expansive guitar landscapes.

In true independent spirit, physical pressings of *The Hope Experiment* are being handled via a coordinated global effort between four mainstay independent punk labels: **Engineer Records** (UK), **Scene Police Records** (Germany), **Pasidaryk Pats Records** (Lithuania), and **Coffin Curse Records** (Knoxville, TN). Bypassing traditional industry gatekeeping, this four-way partnership ensures the physical release reaches fans directly across Europe, North America, and beyond.

The Hope Experiment is available to stream and purchase digitally today on Bandcamp and all major streaming services. The limited run of transparent green vinyl records is shipping now and available to order at breaktobroken.com.

EARLY CRITICAL ACCLAIM FOR *THE HOPE EXPERIMENT*:

"A band with no shared rehearsal space, no shared location, and no geographical proximity, yet, The Hope Experiment sounds remarkably cohesive. The 12 tracks take a familiar raw, driving sound as a starting point and branch out in all sorts of directions. At times angular and jittery, at others more melodic, or possessing an almost hypnotic pull. The songs have rough edges, yet they also have room to breathe."

ABOUT BREAK TO BROKEN

Break To Broken features Australian musician Clinton Maher and New Jersey 90's punk scene veterans Eli Nowak and Justin Rauschkolb. Formed when the world shut down in 2020, the trio worked across continents and time zones to become a fully functioning band. Built upon their mutual love for the 90's Dischord Records music and DIY ethic, they continue to push the boundaries of what a band can be, connected by creativity rather than geography.

Break to Broken's recent work features collaborations with notable figures from the US and Australian punk scenes, including a 2025 appearance by bassist **Mike Watt** (Minutemen, The Stooges) and guest vocals from **Tim Steward** (Screamfeeder). Their unique story and sound have earned airplay on **Sirius XM's Faction Punk**, as well as features in a variety of other media outlets.
